Barbara Kraft

At Last My Memoirs:

Memoirs of the Royal Astronomical Society Royal Astronomical Society, 1863 **Memoirs of the Life and writings of the Rev. ---, D.D. late ...** Claudius BUCHANAN, 1817 Anais Nin: The Last Days, a Memoir Barbara Kraft, 2011-11-15 I have chosen to reveal the intimacies of Anais Nin's last days as I witnessed them so that the story of her death is not lost. Everything comes back in the mind's eye. Everything comes back in the crucible of the heart. She remains in my psyche all these years later as the most refined and rarified human being I have ever encountered. Thus begins Barbara Kraft's memoir Anais Nin The Last Days. With her sometimes loving and sometimes raw prose, Kraft has done what no biographer, no scholar, no film could do: capture the humanity, mortality, and essence of one of the twentieth century's most celebrated and yet mysterious literary figures. Anais Nin, noted for her diaries and erotica, was at the height of her fame when she took on Barbara Kraft as a writing student. Quickly the two became intimate friends at the moment when both would encounter tragedy: Kraft's impending cataclysmic divorce and Nin's terminal cancer. The circumstances created an environment of interdependency. Nin, despite her failing health, supported Kraft's writing and life decisions, and Kraft became a devoted and untiring part of Nin's support system during her last two years of life. And as Kraft observes, illness is the great leveler from which none of us is immune. It flushes out all the old buried truths and puts us in touch with the essential meaning of things. There is no time, no energy for masks, veils, labyrinths, interior cities, or multiple hearts. Death hovered over her, the one reality that Ana's could not transcend or transmute or transform or levitate with the magic of words. It was a reality she met with a dignity that tore at the heart of all of us who knew her and were close to her. Because of the overwhelming reality of cancer, Anais Nin was stripped down to her bare essence, which Kraft captures expertly. She poignantly records not only Nin's stubborn grip on life but also the heroic efforts that Rupert Pole, Nin's west coast lover, made to shield her from the inevitable pain, agony, and humiliation associated with the disease. It is a monumental tribute to not only those fighting for their lives but also the forgotten ones, the caregivers. The very personal events in this book can be appreciated by anyone who has gone through terminal disease or known someone who has. So like Nin herself, the raw reality of Anais Nin The Last Days becomes symbolic, mythical, and universally inspirational. *A Memoir of the Honorable ... Power Le Poer Trench, last Archbishop of Tuam* Joseph D'Arcy SIRR, 1845 **A Memoir of the last year of the War for Independence in the Confederate States of America, etc. [Second edition.]** Jubal Anderson EARLY, 1867 **A Memoir of Baron Bunsen, Late Minister, Plenipotentiary and Envoy Extraordinary of His Majesty Frederic William IV at the Court of St. James** baroness Frances Waddington Bunsen, 1868 **A Memoir of Baron Bunsen**, 1868 **Atoms, Bombs and Eskimo Kisses: A Memoir of Father and Son** Claudio G. Segrè, 2019-08-09 There are few books that explore the complex relations between famous parents and their children. I knew Claudio and his Nobel laureate father Emilio Segrè in this honest, angry, loving memoir. I hear their voices again speaking across the gulf that all families struggle to bridge. Richard Rhodes, author of *Dark*

Sun The Making of the Hydrogen Bomb This is a warm and openhearted book Claudio Segr shows that all the traditional tensions between fathers and sons can still exist even in the extraordinary milieu he grew up in He evokes that experience with grace and a fine eye for the telling details Adam Hochschild author of Half the Way Home It s a wonderful book a coming of age story in the atomic era the struggle of a son for the love and respect of a famous father It is also a perceptive insight into the pursuit of science the price of fame and how families bridge differences between generations and cultures to find age old connections and ultimately love and understanding James Kunetka author of City of Fire Los Alamos and the Atomic Age and Oppenheimer The Years of Risk The Nobel Prize winning physicist Emilio Segr gave an account of his own life in the posthumously published A Mind Always in Motion In the present book Segr s only son now himself deceased gives an account of his growing up with such a father The experience as he describes it was not an easy one Transported in infancy from Italy to the United States Claudio was required to negotiate his way between his family s persistent conviction of European cultural superiority and the danger of being perceived as not one of us by his new compatriots Admiring his father he was conscious of himself as Son of Superman alternatively feeling eclipsed by and relishing the position Academically he was beset by a joyless desire to achieve and only seldom gained the praise or sympathy he longed for from his exacting and often sarcastic father But he discovered the delights of hot dogs comic books and baseball and forged ahead on his own by choosing the reputedly Red Reed College over his family s preferred Berkeley After graduation in search of work to which he could be as devoted as my father was to physics he spent some years as a journalist before ultimately making a creditable academic career as a historian along the way establishing an apparently satisfactory family life of his own The book ends with an account of his relations with his father as an adult including a disappointing attempt at a therapeutic confrontation Katherine Livingston Science How does a son emerge from his father s shadow when it is the size of a mushroom cloud Such was the plight of Claudio G Segr whose father Emilio won the Nobel Prize in Physics in 1959 and helped to create the atomic bomb He recounts his lifelong quest to establish an independent identity He also tells of his hope that his own success would earn him the respect and acceptance of his difficult father Segr alternately describes his father as Superman a mighty king and a basilisk a mythical reptile whose very look is fatal Nevertheless his father emerges as a good caring man unsure how to handle the fame that separates him from his son It is tragic therefore that no true reconciliation occurs and that Segr s only moment of catharsis takes place when it is already too late in 1989 when he delivers his father s eulogy Douglas A Sylva The New York Times In this heartfelt counterpart to his father s autobiography A Mind Always in Motion journalist and professor Claudio Segr attempts to shed some thawing light on the cold peace between father and son that lasted until Emilio Segr s death in 1989 despite the affectionate nose rubbings of the title Publishers Weekly The son of a Nobel laureate and Manhattan Project collaborator meditates on the inspirations and disappointments of a difficult relationship In 1959 the author s father shared the Nobel Prize for his work on antimatter But fatherhood isn t as precise a science as physics and

young Claudio mixed pride in his father's superman achievements with frustration and rage at the impossible standards and criticisms that so outweighed the occasional moment of affection between them. Segr's memoir of an immigrant childhood is often poignant at bottom a thoughtful account of life with a father who found the behavior of atomic particles far easier to comprehend than the emotional life of his son. [A Memoir of Pre-Partition Punjab](#) Neera Burra, 2018-02-15

A Memoir of Pre Partition Punjab is a richly annotated autobiography of Ruchi Ram Sahni 1863-1948 social reformer scientist science educator and later active participant in political affairs. A riveting account of life in nineteenth century colonial Punjab it covers Sahni's growing up in a Hindu business family in Dera Ismail Khan in Khyber Pakhtunkhwa Province and captures the social political and intellectual ferment of the times. Sahni belonged to the first generation of Punjabis educated in English. The book recounts his confrontation with orthodox Hinduism and the ostracism he faced because of his secular and liberal Brahmo Samaj values. A close confidante of Dyal Singh Majithia founder of The Tribune he was for nearly thirty years a trustee of and contributor to this influential newspaper. Sahni also describes the discrimination practised by Europeans against Punjabis and his responses to maintain his self respect. His close association with Motilal Nehru Lala Lajpat Rai Pandit Madan Mohan Malaviya and other freedom fighters provides a behind the scenes record of the early phase of India's freedom struggle.
