inner causes behind what happens to you in life What are your talents and limitations so that you can make use of and increase your good sides and eliminate or limit the bad habits The book is written in a simple language it is a beginner's guide to astrology You will need no previous knowledge about astrology to read this book This book is meant for anyone who is interested in spirituality and astrology But it is also recommended for you who have studied astrology and wish to add a spiritual dimension to the subject This book includes many important areas such as human relations how to cast a horoscope diseases the purpose of life and an esoteric interpretation of the signs The book helps you to understand more about yourself But to this is added astrology for humanity and nations how astrological energies are influencing and are determinative for society From the perspective of a spiritual background this is indeed an entirely new way of looking at our civilization
