At Close Quarters A Sidelight On Anglo:

At Close Quarters Arthur Cecil Murray, 1986 **Anglo-Soviet Relations, 1917-1921, Volume 1** Richard H. Ullman, 2019-01-29 In an intriguing work based largely on new sources Richard H Ullman shows how the British government the politicians civil servants military and naval officers dealt with the problem of Russia during the critical period between the Bolshevik Revolution in November 1917 and Britain's de facto recognition of the Soviet government in March 1921 Volume 1 describes the tragic misunderstandings and desperate hopes of the British in the troubled year before the Armistice which stands as a watershed in the history of Anglo Soviet policy As diplomacy failed British forces found themselves fighting not only in North Russia but in the Caucasus and on the frontiers of India The second volume to be published later will cover the story to 1921 Dr Ullman's exciting portrayal of these events is a companion work to George Kennan's several volume study of the same period Soviet American Relations 1917 1920 Originally published in 1961 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *John J. Pershing and the American Expeditionary Forces in World War I, 1917-1919* John T. Greenwood, 2023-12-19 General of the Armies John J Pershing 1860 1948 had a long and decorated military career but is most famous for leading the American Expeditionary Forces in World War I He published a memoir *My Experiences in the World War* and has been the subject of numerous biographies but the literature regarding this towering figure and his enormous role in the First World War deserves to be expanded to include a collection of his wartime correspondence Carefully edited by John T Greenwood volume 3 of *John J Pershing and the American Expeditionary Forces in World War I 1917 1919* covers the period of January 1 through March 20 1918 as General Pershing encounters logistical and organizational challenges that originated in the last months of 1917 With the collapse of the Eastern Front and Allied defeats in Italy British and French commanders were preparing for a renewed German offensive and proposed that American troops be put under their control for training and frontline combat in order to replenish losses Pershing's diary entries indicate that he rejected these proposals and yet offered four segregated African American regiments to be placed under French control The conclusion of the AEF autonomy debate allowed Pershing to focus on reorganizing the General Headquarters of the AEF establishing effective communication lines and contracting Allied European governments to produce armaments for the AEF with American raw materials In March 1918 Maj Gen Peyton C March replaced Gen Tasker H Bliss as chief of staff The sources included in this edition show the origin of Pershing and March's personal feud which persisted well after the war Pershing's letters during this time period convey a long and arduous struggle to build an American army at the front

Together these volumes of wartime correspondence provide new insight into the work of a legendary soldier and the historic events in which he participated

Britain, America and the Sinews of War 1914-1918 (RLE The First World War) Kathleen Burk,2014-04-24 Anglo American relations were transformed during the First World War Britain was already in long term economic decline relative to the United States but this decline was accelerated by the war which was militarily a victory for Britain but economically a catastrophe This book sets out the economic and in particular the financial relations between the two powers during the war setting it in the context of the more familiar political and diplomatic relationship Particular attention is paid to the British war missions sent out to the USA which were the agents for much of the financial and economic negotiation and which are rescued here from underserved historical obscurity
