Athanasius Contra Gentes Philosophia Patrum Vol 7:

Athanasius Khaled Anatolios, 2004-11-23 In this volume Khaled Anatolios presents a comprehensive study of Saint Athanasius one of the most influential figures in the development of Christian doctrine He analyzes the coherence of Athanasius theology by relating the various aspects of his doctrine God creation theological anthropology Christology and redemption and the life of grace to a pervasive emphasis on the radical distinction and simultaneous relation between God and world Athanasius The Coherence of his Thought provides a systematic account of the overall inner logic of the Athanasian vision It shows how the various aspects of his doctrine are mutually related and in so doing elucidates the complexities both of Athanasian thought and Christian doctrine in general Jewish Traditions in Early Christian Literature, Volume 3 Philo in Early Christian Literature Douwe (David) Runia, 1993-01-01 It is a remarkable fact that the writings of Philo the Jew from Alexandria were preserved because they were taken up in the Christian tradition But the story of how this process of reception and appropriation took place has never been systematically research In this book the author first examines how Philo s works are related to the New Testament and the earliest Chritian writing and then how they were used by Greek and Latin church fathers up to 400 c e with special attention to the contributions of Clement Origen Didymus Eusebius Gregory of Nyssa Ambrose and Augustine Philo in Early Christian Literature is a valuable guide to the state of scholarly research on a subject that has thus far been investigated in a rather piecemeal fashion **On Illustrious Men (The Fathers of the Church, Volume 100)** Saint Jerome, 2010-04 Often cited as a source of biographical information on ancient Christian authors On Illustrious Men provides St Jerome s personal evaluations of his forebears and contemporaries as well as catalogs of patristic writings known to him The Intellectual World of Late Antique Christianity Lewis Ayres, Michael W. Champion, Matthew R. Crawford, 2023-10-26 The Intellectual World of Late Antique Christianity explores new perspectives on early Christian epistemology in relation to the changing discourses institutions and material culture of late antiquity Early Christian modes of knowing and ordering knowledge involved complex processes of appropriation reproduction and reconfiguration of Jewish and classical epistemologies This helped Christians develop cultures of interpretation and argument as textually oriented religious communities within the Roman Empire and beyond It laid an intellectual foundation that would be built upon and modified in a variety of later contexts Encompassing Greek Latin and Syriac Christianity and an historical arc that stretches from the New Testament to Bede this volume traces how diverse theological commitments resulted in distinctive Christian accounts of knowing It foregrounds the myriad ways in which early Christian epistemology was embedded in earlier intellectual traditions and forms of life and how they established norms for communal life and powerful ways of acting in the world **The Bible in Athanasius of Alexandria** James D. Ernest, 2021-12-28 This study of uses of Scripture in the writings of Athanasius of Alexandria draws upon detailed textual observations to construct a coherent description of interpretive practices across the several genres in which this prominent

fourth century bishop wrote Aufstieg und Niedergang der römischen Welt: Principat. v Hildegard Temporini, Wolfgang Haase, 1987 New Directions in Boethian Studies Noel Harold Kaylor, Philip Edward Phillips, 2007 Continuing work begun by previous scholars New Directions in Boethian Studies brings together recent studies from the diverse perspective of recent scholarship published during the first decade of Carmina Philosophiae Journal of the International Boethius Society a journal which seeks to make sound editions of texts and commentaries both Latin and vernacular more readily available to scholars The book is divided into five sections according to the following areas of study 1 aspects of Boethius's Latin De Consolatione Philosophiae 2 vernacular translations of the Consolatio 3 multidisciplinary perspectives on Boethius in art and literary history 4 multidisciplinary perspectives on Boethius in art and literary history and 5 ongoing efforts to find and edit unpublished translations and major studies of Boethius's works The study of Boethius his works and his influence continues to expand as scholars turn their attention to interdisciplinary and heretofore neglected areas of research The essays and the critical edition presented in this collection represent the ongoing discussions of established and emerging scholars who are drawn to Boethius undeniably one of the most central and seminal thinkers in the Western tradition *Historical Handbook of Major Biblical Interpreters* Donald K. McKim, 1998 Contributors from both historical and biblical studies profile the methods perspectives and seminal works of major biblical interpreters from the second century to the late twentieth century Includes introductory essays for each period and bibliographies of each interpreter Edited by Donald K McKim **Saint Athanasius of Alexandria** George Dion Dragas, 2005 St Cyril of Alexandria St Athanasius great successor tells us Our Father Athanasius of hallowed memory who adorned the throne of the Church of Alexandria for the whole of forty six years and arrayed an unconquerable and apostolic knowledge in battle against the sophistries of the unholy heretics and greatly gladdened the world with his writings as by a most fragrant perfume and all bear witness to the accuracy and piety of his teaching was a man worthy of trust and deserving a confidence since he did not say anything not in agreement with Holy Scripture The present volume consists of a collection of essays which represent original research into the writings of St Athanasius Patriarch of Alexandria 295-373 These essays respond to challenges arising out of the contemporary scholarly studies of St Athanasius theology and writings The new perspectives in Athanasian studies which these essays offer are closer to the original theological legacy of this great Alexandrian Father of the Church who has come down in the history of the Church as the canon of orthodoxy Modern critical research and discussions have too often tended to obscure the Athanasian legacy and bar contemporary theology from the amazing blessings that this great ecumenical teacher and Father of the Church has bequeathed to all Christian generations **Dictionary of Major Biblical Interpreters** Donald K. McKim, 2007-11-12 Donald K McKim edits this revised and expanded edition of IVP's *Historical Handbook of Major Biblical Interpreters* With 230 in depth articles regarding the principal players in the history of Biblical interpretation this volume will serve as an invaluable tool for any serious student of the Bible or history of exegesis
