The American Presence in Ulster: A Diplomatic History, 1796-1996 American Presence in Ulster Francis M. Carroll, 2005-12 Alex Voorman a cerebral thirty year old archaeologist is married to the woman of his dreams a beautiful ambitious botanist named Isabel When Isabel is killed by a reckless driver Alex reluctantly consents to donate her heart Janet Corcoran a young headstrong mother of two and an art teacher at an inner city school in Chicago is sick with heart disease She is on the waiting list for a transplant but her chances are slim She watches the Weather Channel secretly praying for foul weather and car accidents The day Isabel dies Janet gets her wish Flash forward a year Janet sends Alex a letter She'd like to learn something about the woman who saved her life But Alex isn't interested in talking to the recipient of his dead wife's heart Since Isabel's accident he's still grief stricken Meanwhile a local blues musician named Jasper the man responsible for Isabel's death attempts to atone for his misdeed Irreplaceable is the story of what happens after the transplant not only to Alex but within the concentric circles of family that spiral outward from him and from Janet Stephen Lovely takes us vividly inside the lives of these characters to reveal their true intentions however misguided and gives us a stunning debut novel of loss and love

The Dynamics of Conflict in Northern Ireland Joseph Ruane, Jennifer Todd, 1996-11-13 This book offers a uniquely comprehensive account of the conflict in Northern Ireland providing a rigorous analysis of its dynamics and present structure and proposing a new approach to its resolution It deals with historical process communal relations ideology politics economics and culture and with the wider British Irish and international contexts It reveals at once the enormous complexity of the conflict and shows how it is generated by a particular system of relationships which can be precisely and clearly described The book proposes an emancipatory approach to the resolution of the conflict conceived as the dismantling of this system of relationships Although radical this approach is already implicit in the converging understandings of the British and Irish governments of the causes of conflict The authors argue that only much more determined pursuit of an emancipatory approach will allow an agreed political settlement to emerge

Unionist Politics and the Politics of Unionism Since the Anglo-Irish Agreement Feargal Cochrane, 1997 Unionist Politics and the Politics of Unionism is the first and most comprehensive study of unionist politics since the Anglo Irish Agreement and sets

out to explain the dynamics which underpin contemporary unionist political behaviour An understanding of the mindset fears and objectives of the largest political community in Northern Ireland is crucial to any attempt to address and resolve the political conflict in the region This book concentrates on the period preceding the signing of the Anglo Irish Agreement of 15 November 1985 through to the forum elections and multi party talks of July 1996 In this contemporary history of Ulster unionism Feargal Cochrane examines the response to the Anglo Irish Agreement the tensions this created both within and between the main unionist parties and the evolution of the unionist political strategy after the failure of the campaign against the Agreement In addition to explaining what happened during this period the book analyses why the unionist political community behaved the way it did provides an account of James Molyneux's political downfall and gives the first serious evaluation of David Trimble's performance as leader of the Ulster Unionist Party The author refines and improves upon previous theoretical models of the unionist ideology He outlines the problems and difficulties facing Ulster unionism as we approach the end of the millennium and provides an informed judgement about the ideology's long term future Unionist Politics and the Politics of Unionism contains a critical review of the existing literature on Ulster unionism which will be a useful reference point for academics students parliamentarians and all those requiring a deeper understanding of the subject
