

BS 5750 / ISO 9000 Made Plain

Maxwell Philip

BS 5750

BS 5750 is a series of standards that provide a framework for quality management systems. It is designed to help organizations improve their quality of work and products, and to ensure that they meet the requirements of their customers. The standards are based on the principles of quality management, which are: customer focus, leadership, the involvement of people, process approach, and continual improvement. The standards are organized into three parts: Part 1: General requirements for quality management systems; Part 2: Requirements for quality management systems for design and development; Part 3: Requirements for quality management systems for production and service.
