in the rise of Afrikaner nationalism and the development of apartheid as well as its place in post apartheid heritage The frieze is unique in that it provides rare evidence of the complex processes followed in creating a major monument Based on unpublished documents drawings and models these processes are unfolded step by step from the earliest discussions of the purpose and content of the frieze through all the stages of its design to its shipping to post war Italy to be copied into marble from Monte Altissimo up to its final installation in the Monument The book examines how visual representation transforms historical memory in what it chooses to recount and the forms in which it is depicted The second volume expands on the first by investigating each of the twenty seven scenes of the frieze in depth providing new insights into not only the frieze but also South Africa s history Fran ois van Schalkwyk of African Minds co publisher with De Gruyter writes From Memory to Marble is an open access monograph in the true sense of the word Both volumes of the digital version of the book are available in full and free of charge from the date of publication This approach to publishing democratises access to the latest scholarly publications across the globe At the same time a book such as From Memory to Marble with its unique and exquisite photographs of the frieze as well as its wealth of reproduced archival materials demands reception of a more traditional kind that is on the printed page For this reason the book is likewise available in print as two separate volumes The printed and digital books should not be seen as separate incarnations each brings its own advantages working together to extend the reach and utility of From Memory to Marble to a range of interested readers For more material you can browse at Stanford s database Voortrekker Monumentality a digital archive **Encyclopaedia Britannica** ,1929 *Cases Decided in the Court of Session, Teind Court, Court of Exchequer and House of Lords* Scotland.
