Before the Door of God Jay Hopler, Kimberly Johnson, 2013-11-26 Before the Door of God traces the development of devotional English language poetry from its origins in ancient hymnody to its current twenty-first century incarnations. The poems in this volume demonstrate not only that devotional poetry that speaks to the divine remains in vigorous practice but also that the tradition reaches back to the very origins of poetry in English. There is a sense in these pages that the tradition of lyric poetry that developed was nearly inevitable given the inherent concerns of the genre. Featuring the work of poets over a three thousand year period Before the Door of God places the devotional lyric in its cultural historical and aesthetic contexts. The volume traces the various influences on this tradition and identifies features that persist in devotional lyric poetry across centuries cultures and stylistic differences. To scholars literary professionals and general readers who find delight in fine poetry this anthology offers much to contemplate and discuss.

Practicing Christianity Margaret R. Miles, 2006-06-07 Men and women throughout history have learned to shape their lives around Christian ideas attitudes and values in many different ways. They have been helped by liturgies sermons visual imagery religious drama and hymns. But perhaps the most important sources were the classic devotional manuals like The Imitation of Christ and The Pilgrim's Progress many of which are still in use today. In this book Margaret Miles subjects these devotional manuals to a detailed critique. Miles speaks as a scholar as a Christian living in the modern world and as a woman and she ends by discussing the relevance of her findings to Christian life today.
