

WHAT IS PROSE?

PROSE DEFINITION

- When you read a novel, a newspaper or perhaps even a textbook, you are reading prose. The simplest definition of what prose is is a form of writing which has a natural flow with speech and writing. It is grammatically correct but does not have a metrical structure as something like poetry would have, for example.
- However, the prose isn't limited to written works, it is also, for the most part, how we speak in our everyday language and also how we think. When we talk about prose we are referring to a type of language which does not demonstrate any particular structure but leans more in favour of delivering concise and clear language that can be easily understood. The term prose is derived from the Latin language and translates as meaning 'straightforward.'
- When looking at prose you will notice that it is made up of sentences which are grammatically correct and these form paragraphs. In some instances, however, you might come across another type of prose known as prose poetry which blends the two techniques together.

TYPES OF PROSE

NONFICTION PROSE

A written work based around facts, you might see this in such pieces of writing such as autobiographies or an essay.

FICTIONAL PROSE

A work of fiction such as a novel or a short story.

HEROIC PROSE

A type of prose which is literary that can be either written or spoken, you might notice this form of prose when looking at myths and legends.

PROSE POETRY

A form of prose that is intertwined with elements of poetry.

EXAMPLES OF PROSE

“By taking the poem 'Stopping by Woods on a Snowy Night' written by Robert Frost, we can create an example of prose by turning the poetry into prose. It might look like this. **"These woods look beautiful contrasted with the setting dark and as one looks out into the depths of the trees, the feeling to stay a little longer is evident. However, there are things I need to do and much distance I need to cover before I can relax for the evening."**

“Take a look at this extract from the novel David Copperfield written by Charles Dickens, this is an example of prose. **"Whether I will turn out to be my own hero or should that station be held by someone else, these pages will show."**

“In his famous speech, Nelson Mandela uses prose to deliver his message, look at the following extract. **"You will notice that there isn't an easy walk to freedom and a lot of us will need to go through the valley of the shadow of death many times before we can reach our goal."**
