Ezequiel Adamovsky

Antiperonismo De Menem El:

Del antiperonismo al individualismo autoritario Ezequiel Adamovsky, 2024-08-14 Este libro reflexiona sobre el talante decididamente autoritario que asumió parte de la política argentina en la última década y sobre los riesgos que se vislumbran para la continuidad del sistema democrático en la etapa implosiva en la que está ingresando el capitalismo global. El hilo conductor de los artículos que lo integran algunos ya publicados otros hasta ahora inéditos es el funcionamiento del liberalismo en tanto ideología las narrativas en las que se plasma las subjetividades que alimenta. La primera parte analiza diversos aspectos del antiperonismo su conexión con el antipopulismo la matriz común de ambos en la tradición liberal su tendencia a caer en la autodenigración nacional y su papel en el ascenso del macrismo. La segunda intenta relacionar esas discusiones con fenómenos que ocurren a nivel global en particular con el atractivo que ha ganado la derecha radicalizada en diversos países. Los textos giran aquí en torno de los microfascismos los puntos de contacto entre liberalismo y conservadurismo y entre ambos y las visiones reaccionarias. El epílogo argumenta que presenciamos el avance de un individualismo autoritario término que el autor propone en debate con otros enfoques disponibles para denominar la subjetividad emergente sobre la que este volumen se propone advertir. **Junios. 1955/1956. Peronismo y**

antiperonismo en la encrucijada Cristian Vitale, 2024* Si algún sentido tiene este libro confiesa el autor es revisar al fino aquel año trágico 55-56 hecho de mitades que enfrentó a dos Argentinas. Una grieta existencial peronismo antiperonismo que interpela el devenir de un país. En ese punto Junios es un texto revelador. Cristian Vitale se propone documentar primero y reflexionar después sobre el origen del oprobioso ciclo de violencia que arrojó consecuencias dolorosas en el derrotero nacional. Probado el oficio de exhumar la historia Vitale esta vez despliega un pormenorizado relato que comienza con los bombardeos sobre Plaza de Mayo y otros sitios de la Ciudad de Buenos Aires ejecutados por la Aviación Naval y la Fuerza Aérea en junio de 1955 que explican de alguna manera la revolución del General Juan José Valle producida justamente un año después de aquel espanto. Sobre esa trama general que por sí sola justificaba el libro Vitale además recupera detalladamente mediante entrevistas personales y trabajo de archivo experiencias militantes poco conocidas que fueron parte central del frustrado levantamiento de Valle y cuyos protagonistas pagaron con sus vidas por ello. Junios implica en suma una forma de asumir la memoria identitaria emocional y política del pueblo argentino en un momento clave y complejo de su historia.

Antiperonista es tu culpa Matías Pérez Manghi, 2020-09-07 En este momento crucial para la Argentina en el que todas las recetas de los últimos 50 años han fracasado Matías Pérez Manghi nos propone un riguroso análisis histórico y económico de lo acontecido en nuestro país con el fin de que dejemos de repetir errores pasados para lanzarnos de lleno al crecimiento que la Argentina y los argentinos nos merecemos. Por medio de un estilo políticamente incorrecto Matías Pérez Manghi expone sus opiniones sobre las principales corrientes políticas y económicas del siglo XX y nos urge a transitar un nuevo camino basado en la heterodoxia y la tercera posición. caída Guillermo Levy, 2020-06-01 La derrota de Mauricio Macri en las elecciones de octubre de 2019 dio por terminado en un ciclo presidencial que ya tenía a fecha de vencimiento Pero cuando comenzó el derrumbe ¿Cómo se explica este pasaje dramático del optimismo a la agonía? Guillermo Levy da respuesta a estas preguntas en *La caída* A partir de un repaso de los casi cuarenta años de democracia argentina y la articulación de las dimensiones políticas culturales y económicas Levy analiza cómo esta coalición que logró responder a las demandas ideológicas de gran parte de la sociedad fracasó como fuerza al gestionar el Estado *La caída* es también un ensayo al futuro de la vida política y social argentina a partir del triunfo de Alberto Fernández la pandemia del coronavirus y las posibilidades de Juntos por el Cambio de seguir compitiendo como espacio político *El peronismo explicado a los europeos* Javier Paniagua, 2025-03-13 Dicen que para entender el peronismo hay que militar en los ejes decir afiliarse al Partido Justicialista antes Partido Peronista impulsado por Perón y que desde los años cuarenta del siglo XX sigue condicionando hasta la actualidad la política de Argentina en sus distintas trayectorias Para muchos el peronismo se siente como una identidad más que como una teoría y una práctica políticas El autor de este libro ha conseguido explicar con precisión a sus congéneres de la Unión Europea qué se entiende por peronismo y sus dimensiones políticas en la Argentina de los siglos XX y XXI según las aportaciones de muchos investigadores argentinos latinoamericanos norteamericanos y europeos

Camino al colapso Julián Zicari, 2020-05-15 Qué significó el año 2001 para la Argentina ¿Cómo se desató ese gigantesco vendaval? Estas son algunas de las preguntas centrales que se intentan responder en *Camino al colapso* una radiografía exhaustiva de la mayor crisis argentina de la historia Este libro analiza los diferentes conflictos sociopolíticos ocurridos durante los últimos años de la convertibilidad Estudia cómo operaron las disputas entre actores agentes e instituciones Indaga sobre las dinámicas partidarias y los liderazgos al interior del peronismo el Frepaso el radicalismo y la Alianza Repasa las luchas de las clases populares concentrando la atención especialmente en los grupos piqueteros Y evalúa las contradicciones económicas del uno a uno que culminaron en el antagonismo dolarización devaluación En suma se trata de una tesis sobre un orden social en decadencia que hizo del país una sociedad estallada *Camino al colapso* es entonces el trabajo más completo sobre la crisis del 2001 al combinar un abordaje histórico económico político y sociológico Y como tal va camino a convertirse en un clásico Crisis de las democracias liberales Jorge Majfud, 2024-06-19 La crisis cultural y mediática la radicalización de la cultura de la distracción la ingeniería psicológica y electoral de las elecciones el dogma de los mercados o la sacralización medieval de aquellas corporaciones que han secuestrado las democracias y que han convertido sus procesos electorales en rituales vacíos son algunos de los temas que aborda esta selección de ensayos y reflexiones de Jorge Majfud sobre las vicisitudes de la civilización noroccidental Se trata en realidad del deterioro de la legitimidad y la confianza ideológica que sufren las democracias liberales tanto por sus promesas de libertad y prosperidad como por su práctica autoritaria en nombre de la democracia Siguiendo la expresión creada por el politólogo estadounidense Graham T Allison en 2015 nos encontramos ante un terremoto geopolítico producido por la trampa de Tucídides es decir ante el riesgo de guerra que genera el

miedo de Estados Unidos a perder su hegemonía **La frontera salvaje** Jorge Majfud, 2021-02-27 A los cincuenta años de la publicación de Para leer al Pato Donald me alegra leer un libro como La frontera salvaje que explora detalladamente las formas menos sutiles en que Estados Unidos durante doscientos años ha buscado influir y torcer el destino de nuestra América Latina Ariel Dorfman La frontera salvaje es un libro escrito con coraje y deslumbrante lucidez De lo mejor que he leído en mi vida Víctor Hugo Morales Un libro monumental Frederico F. Illgrat Simplemente poderoso Noam Chomsky La frontera salvaje no es solo un recorrido por los eventos más importantes de los últimos doscientos años que marcaron la expansión de las Trece colonias sobre las naciones indígenas y sobre ese vasto territorio que hoy llamamos América Latina sino también la revelación de la lógica de sus guerras infinitas de su expansión y de sus sistemáticas intervenciones directas o secretas en los diversos pueblos del sur Estas prácticas militares y narrativas basadas en el interés económico de los de arriba en el fanatismo religioso y en el racismo inoculado en los de abajo fueron el inicio y la continuación del imperialismo de Washington en el resto del mundo siempre bajo otros nombres y otras excusas Ese pasado profundo como en otros momentos de la historia explica el presente y predice el futuro de la mayor potencia económica y militar del mundo **No va más** José Luis Espert, Luis Alberto Rosales, 2020-12-01 Este libro demuestra cómo el Sistema nos devora y ofrece un camino alternativo para salir adelante tras la crisis que la pandemia terminó de desnudar Espert y Rosales observan que quienes están ubicados en ambos lados de la grieta se sienten cómodos y no se atreven a sumergirse en una travesía de salvación Espert y Rosales observan que quienes están ubicados en ambos lados de la grieta se sienten cómodos y no se atreven a sumergirse en una travesía de salvación Pero la Argentina es una sociedad muy lastimada y es urgente encontrar la puerta de salida y animarse a abrirla Por eso recorren y se alan los errores de las medidas tomadas por los últimos dos gobiernos y proponen lo que nunca se intentó por el terror instalado en tantos años de discurso dirigido
