Moran, 2009-08-20 There isn't anyone with a job that can't find a few ideas here that they can use to improve the quality of their work or their life at a minimum the reader will find plenty of observations that they can claim as their own to establish a reputation as witty insightful and good to have at a cocktail party George Bailey General Manager Electronics Division IBM Author of A Thousand Tribes If you have ever looked at your own behavior and asked yourself How could anyone be that dumb you need to read Rich's books They make three things abundantly clear 1 It is easy to be dumb 2 You are not alone 3 There are rules for avoiding being dumb which he has been kind enough to write down for you Enjoy Geoffrey Moore author of Crossing the Chasm Inside the Tornado Dealing with Darwin This is all the stuff you never learn in management training but everyone expects you to know For everyone in business this book will make you say I wish someone had told me Moran is telling you Hap Brakeley Managing Director Accenture Solutions Rich Moran's Nuts Bolts and Jolts is a rare gem of a book First of all it's hysterically funny Moran could hold his own as a stand up comic But don't be fooled by the humor Moran may be a funny guy but he's also genuinely serious about the advice he gives And he has the business experience to back it up Jim Kouzes award winning author of the best selling The Leadership Challenge What a great book After IQ and EQ comes BQ and Rich Moran a Studs Terkel for the digital age delivers with the clarity of an executive summary and the impact of an entire encyclopedia Dr John Kao author of Jamming **The Thing About Work** Richard A. contemporary view of work will prove invaluable for the modern employee Trump @ Work Richard Moran,2020-04-30

Unprecedented is the adjective most often ascribed to everything about Donald Trump Trump Work is about the unprecedented impact that Donald Trump and his Presidency and style has had on attitudes and perceptions of leadership and management This book brings a unique perspective about what has changed and what has not changed through humorous and true bullets and observations Why do some leaders get fired for things that other leaders boast about In spite of controversy why do some initiatives still get implemented Is implementation all that matters Is empathy and credibility still critical to success Why aren't there any instruction manuals about how to navigate the new workplace These are not questions raised by just a few These are questions everyone in the workplace is asking Trump Work explores these questions and many more It reveals how the rules of the game have changed for everyone seeking success or at least to survive It's hard enough to keep up with leadership and management trends Donald Trump is making it more difficult not intentionally not through the tweets he writes but by how he is challenging the long existing norms Who knew that tweeting would become an established way of communicating to an organization Who knew that in spite of constant searing criticism one can disregard it and continue to follow an agenda Who knew that preaching to supporters and ignoring naysayers is a way to manage Whether you appreciate Donald Trump or not he has had an impact on the thinking about leadership and management and the author precisely explores that impact in this book *UnMarketing* Scott Stratten,Alison Stratten,2016-09-30

UnMarket to build trust and make lifelong customers In 2009 Scott Stratten and Alison Stratten wrote the bestselling *UnMarketing Stop Marketing Start Engaging* and began a journey that would take them around the world sharing their message of engagement with corporations entrepreneurs and students They are now back with this second edition because Everything has Changed and Nothing is Different with all the brilliance of the first edition plus new content and commentary to reflect the rapidly changing landscape we all live buy and work in today For generations marketing has been hypocritical We've been taught to market to others in ways we hate being marketed to cold calling flyers ads etc So why do we still keep trying the same stale marketing moves *UnMarketing* shows you how to unlearn the old ways and consistently attract and engage the right customers You'll stop just pushing out your message and praying that it sticks somewhere Potential and current customers want to be listened to validated and have a platform to be heard especially online With *UnMarketing* you'll create a relationship with your customers and make yourself the logical choice for their needs We know you've been told to act like other people talk like other people and market like all the people but it is time for you to unlearn everything and start to UnMarket yourself *UnMarketing* includes the latest information on Idea Creation Viral Marketing and Video Marketing to Millennials Authenticity Transparency and Immediacy Ethics and Affiliates Social Media Platforming UnPodcasting Word of Mouth Customer Service Consumer Advocacy and Leadership With examples of what to do and what not to do from small business right up to worldwide corporations in areas such as real estate travel service retail and B2B
