Beyond Top Secret U:

Uncommon Courage Julia Jones, 2022-03-17 An extraordinary account of heroism and sacrifice An unexpected and important story rivetingly told Rip roaring stuff Get this into the paws of the sea dog in your life Griff Rhys Jones A book that had to be written Let s Talk People ashore don t realise what a grim war we are waging at sea with the Germans A cold blooded war in a way I think requiring the maximum of bravery from the men of both sides in the long run as it is so ceaseless and intangible You just don t know whether the next moment will be your last Robert Hichens RNVSR Several years ago Julia Jones was searching through long forgotten items stored at her house and discovered some suitcases of old written material which turned out to be accounts by her father of his experiences in the RNVSR Royal Naval Volunteer Supplementary Reserve She realised that as a child she d met some of the people mentioned and although she was too young to truly know them these youthful impressions spurred her on to rediscovery and understanding In this absorbing book Julia tells the compelling stories of the yachtsmen Some were famous such as Sir Peter Scott others were wealthy such as August Courtauld who returned his pay to help with the war effort but the majority were just ordinary professionals such as publishers lawyers and advertising agents who signed up because they loved sailing Few could ever have dreamed that they would end up acting in areas that were so far beyond their normal lives as they found themselves commanding destroyers and submarines and undertaking covert missions of sabotage Some undertook the dangerous daily drudgery of minesweeping others tackled unexploded bombs engaged the enemy in high speed attacks or played key roles in Ian Fleming s famous intelligence commandos This varied crew of men were given tasks vital to the war effort requiring endurance extraordinary bravery resourcefulness and quick thinking Some died in the process but for the ones who survived Julia asks how their experiences changed them Could their love of sailing and the sea survive the harsh realities of war **Beyond Top Secret U** Ewen Montagu, 2016-06-26 Few fictional spy thrillers are as gripping as Ewen Montagu s account of real life British Intelligence operations during World War II Sunday Express My recollections of The War to End Wars had convinced me that there were better ways of dying than in a modern army A keen sailor in the years preceding the outbreak of World War II Ewen Montagu joined the Navy s supplementary reserve hoping that they would find some use for him Following the emergence of his qualifications as a K C he found himself attached to the Admiralty and stepping into the shadowy world of British Intelligence For most officers Top Secret was the highest classification but for those involved with Enigma it was Ultra Secret Top Secret U and yet there was a higher classification still Working under the Director of Naval Intelligence Montagu was one of those few privy to that highest classification beyond Top Secret U and the Double Cross System Involved in the strategic deception surrounding D Day and V bombs as well a lead role in Operation Mincemeat his work was so secretive that it even prevented promotion Bringing to the fore the collaborative efforts of NID s 17M MI5 s B1A and the XX Committee Beyond Top Secret U is a very personal account of the secret war filled with intrigues and ingenuity ne er do

wells and corpses and more incredible than any thriller Praise for Beyond Top Secret U One of the incomparable accounts of the secret war Times Literary Supplement Ewen Montagu 1901 1985 was a British judge Naval Intelligence Officer and writer from a prominent Jewish family Following his wartime service he held the position of Judge Advocate of the Fleet for nearly thirty years In addition to Beyond Top Secret U he notably authored The Man Who Never Was his account of Operation Mincemeat Endeavour Press is the UK s leading independent publisher of digital books For more information on our titles please sign up to our newsletter at www.endeavourpress.com Each week you will receive updates on free and discounted ebooks Follow us on Twitter EndeavourPress and on Facebook via <http://fb.me/1HweQV7> We are always interested in hearing from our readers Endeavour Press believes that the future is now *Fighting to Lose* John Bryden, 2014-04-19 Newly released FBI and MI5 documents provide a fresh interpretation of key events during World War II showing how German military intelligence which was secretly opposed to the Nazis aided the Allies *Beyond Expectations* Frank Forsberg, 2011-10 Like a flower or maybe a tenacious weed Frank Forsberg managed to thrive in the arid soil of the Great Depression Not that it was easy Surely traveling in a boxcar with hobos couldn t have given sixteen year old Forsberg reason to expect much of the future But not only would he retire a Navy captain he d find love friendship and adventure along the way After a slight detour through the school system Forsberg found his way to the Navy where he received an unexpected lifelong education His Navy career spanned three wars and saw America go through profound changes from the unanimous support of World War II to the divisiveness of the Korean War and the Vietnam War As a pilot Forsberg faced challenges that would test his skills and resolve which ultimately strengthened his character He also accepted what may be the even more harrowing mission of starting a family something no amount of training could have prepared him for The kid that set out across the country with just over a dollar couldn t have known it at the time but he was embarking on the American dream Beyond Expectations is an exciting chronicle of that adventure a saga of facing seemingly impossible situations and living to laugh about it It s been a wild ride so far And that s just the first 90 years **Tracking the Axis Enemy** Alan Harris Bath, 1998 Former US naval intelligence officer Bath describes how his own area before he was in it was as responsible as Allied warships in the successful 1942 43 campaign against German U boats known as the Battle of the Atlantic He describes the cooperation at all levels in all theaters of war and at all points in the cycle from gathering through analysis to dissemination He also considers the naval intelligence in the South Pacific throughout highlighting the contributions of Britain and other Commonwealth states Annotation copyrighted by Book News Inc Portland OR
