Reincarnation in the Twentieth Century Martin Ebon,1969 Reincarnation say the word and believers and non believers spring into debate The facts remain people alive today know they are souls reborn and the evidence they present is so strong that Martin Ebon a leading psychic researcher feels it must be further explored and evaluated In Reincarnation in the Twentieth Century he has gathered analyses from eminent authorities and reports from all over the world into the most substantial and comprehensive overview of this explosive subject ever published From Dr Ian Stevenson former head of the Department of Psychiatry and Neurology at the University of Virginia comes a study of Indians in Alaska There Dr Stevenson the world s leading authority on reincarnation found five pregnant women who had received dream messages from departed relatives saying they would be reborn as their babies The babies indeed resembled the dead relatives Professor C J Ducasse summarizes the controversial Bridey Murphy case Have the debunkers successfully refuted the rebirth of the Irish girl as a twentieth century American The Brown University Professor Emeritus says that they have not and in a detail by detail re examination reveals much to support reincarnation Allen Spraggett successful Canadian newsman and author adds more evidence to the case of Joanne MacIver the famed Girl with the Blue Eyes Jess Stern Violet M Shelley contributes a case from the files of Edgar Cayce the sleeping prophet based on reincarnation information and an interview with the English author Joan Grant whose book The Winged Pharaoh revealed a precise knowledge of ancient Egypt obtainable only by one who had been there describes her recall of thirty one previous lives Are these proof of reincarnation Philosophers suggest that if there is an after life logic indicates that there must be a before life In many religions reincarnation is a basic tenet Psychiatrist Denys Kelsey theorizes that the psyche enters the fertilized ovum as a life force and that one single psyche could occupy one body after another These intriguing highly evidential accounts and the considered opinions of the skeptics that Mr Ebron also includes stand as the most provocative documentation so far in answer to the question Can man die and be born again front and back flaps **The Guidebook for the Study of Psychical Research** Robert H. victim of the guru syndrome total dependence upon the psychic that leads to terrifying consequences when she tries to break away Another trying to advance mind control finds horror and degradation in a Manson like coven A seemingly innocent Ouija board experiment leads to possession by an unknown destructive entity These experiences are not movie scenarios or sensational newspaper headlines but documented cases of people whose innocent fascination with psychic phenomena led them into a world where they discovered too late they had become victims of menacing forces beyond their control In this collection of twenty five articles some of which originally appeared in such journals as Tomorrow Spiritual Frontiers and Psychic magazine leading parapsychologists psychiatrists and psychologists researchers and writers tell from direct personal experience of the terrifying dangers of overinvolvement with the occult Here these widely recognized authorities warn of the all too real hold that extrasensory perception automatism reincarnation telepathy psychokinesis and out of body experiences can come to exert over people who have too carelessly or too eagerly become involved with psychic cults In recent years increasing numbers of people have been lured into paralyzing encounters with the occult The Satan Trap reveals the omnipotence of psychic forces and the very real perils of unsupervised experimentation with them front and back flaps **If**
