

Our company was founded on an ethos to do good, to help charities and to make a positive impact. We don't believe that books should only be read once, or have a single owner.

We want to share the love of literature by rereading and reusing books. This is why our prices are low and delivery is free - to help millions of used books find new homes in over 190 countries every year.

Our values:

Responsibility

We work responsibly, value each other and treat the planet with respect.

Action

We take actions that improve our business for customers, colleagues, partners and shareholders.

Pioneering

We find new ways to better ourselves, lower our costs and grow our business.

Between Totalitarianism And Postmodernity

Jin Y. Park

Between Totalitarianism And Postmodernity:

Between Totalitarianism and Postmodernity Peter Beilharz, Gillian Robinson, John F. Rundell, 1992 These thirteen articles provide theoretical and historically informed analyses of the powerful currents that are shaping the late twentieth century political and cultural landscape

Totalitarianism in the Postmodern Age Piotr Mazurkiewicz, Michal Gierycz, Krzysztof Wielecki, Mariusz Sulkowski, Marcin Zarzecki, 2021-10-25 In *Totalitarianism in the Postmodern Age* Piotr Mazurkiewicz et al seek to answer the question whether a possible spread of pre totalitarian attitudes among youth may in the near future pose a threat to the contemporary liberal democratic societies The authors offer a new approach to the study of totalitarian trends in European societies significantly different from the previous one exploring mainly the historical and institutional procedural aspects The book not only offers interesting conclusions drawn from empirical research but also proposes an intellectually attractive theoretical model of understanding totalitarianism that can be used for further research The impulse for this reflection was the research work performed by the authors on a cohort of contemporary youths from seven countries of Central and Eastern Europe

Post-totalitarian Spanish Fiction Robert C. Spires, 1996 This study records an epistemic shift away from logocentric and totalizing approaches to reality by analyzing the links between the novelistic strategies used by Spanish writers from 1975 to 1989 and recent international events and theoretical trends in science mathematics communication studies and art

Postmodernism: A Bibliography, 1926-1994 Deborah L. Madsen, 2023-11-20 This is the first bibliography of Postmodernism to take account of work published in all subject areas and in all languages Deborah Madsen has identified a new first occurrence of the term in 1926 preceding by more than twenty years the first occurrence documented by the Oxford English Dictionary In a chronological listing books articles notes letters and working papers on Postmodernism are described with full bibliographical details Reviews of major books are documented and full contents listings are given for special issues of journals devoted to Postmodernism An appendix includes books on Postmodernism announced for publication in 1995 This bibliography brings together in one place all secondary material published on Postmodernism All disciplines are included from anthropology to zoology architecture cultural studies dance drama feminism fiction geography history legal studies literary theory mathematics medicine music pedagogical theory philosophy photography and film poetry politics religion sociology the visual and plastic arts and others The bibliography also documents items in a range of languages other than English Chinese French German Italian Japanese Russian Slovenian Spanish and the Scandinavian languages Access to the information contained in the bibliography is made easy with a comprehensive index providing guidance according to author subject language and key words *Postmodernism A Bibliography 1926 1994* is an essential reference text for anyone working in the area of contemporary culture studies

Buddhism and Postmodernity Jin Y. Park, 2010-10-28 *Buddhism and Postmodernity* is a response to some of the questions that have emerged in the process of Buddhism's encounters with modernity and the West Jin Y Park broadly outlines these questions as follows

first why are the interpretations and evaluations of Buddhism so different in Europe in the nineteenth century in the United States in the twentieth century and in traditional Asia second why does Zen Buddhism which offers a radically egalitarian vision maintain a strongly authoritarian leadership and third what ethical paradigm can be drawn from the Buddhist postmodern form of philosophy Park argues that as unrelated as these questions may seem the issues that have generated them are related to perennial philosophical themes of identity institutional power and ethics respectively Each of these themes constitutes one section of Buddhism and Postmodernity Park discusses the three issues in the book through the exploration of the Buddhist concepts of self and others language and thinking and universality and particularities Most of this discussion is drawn from the East Asian Buddhist traditions of Zen and Huayan Buddhism in connection with the Continental philosophies of postmodernism hermeneutics and deconstruction Self critical from both the Buddhist and Western philosophical perspectives Buddhism and Postmodernity points the reader toward a new understanding of Buddhist philosophy and offers a Buddhist postmodern ethical paradigm that challenges normative ethics of metaphysical traditions

Identity and Social Change Joseph E. Davis, 2017-07-12 *Identity and Social Change* examines the thorny problem of modern identity Trenchant critiques have come from identity politics focusing on the construction of difference and the solidarity of minorities and from academic deconstructions of modern subjectivity This volume places identity in a broader sociological context of destabilizing and reintegrating forces The contributors first explore identity in light of economic changes consumerism and globalization then focus on the question of identity dissolution Zygmunt Bauman examines the effects of consumerism and considers the constraints these place on the disadvantaged Drawing together discourses of the body and globalization David Harvey considers the growth of the wage labor system worldwide and its consequences for worker consciousness Mike Featherstone outlines a rethinking of citizenship and identity formation in light of the realities of globalization and new information technologies Part two opens with Robert Dunn's examination of cultural commodification and the attenuation of social relations He argues that the media and marketplace are part of a general destabilization of identity formation Kenneth Gergen maintains that proliferating communications technologies undermine the traditional conceptions of self and community and suggest the need for a new base for building the moral society In the final chapter Harvie Ferguson argues that despite the contemporary infatuation with irony the decline of the notion of the self as an inner depth effectively severs the long connection between irony and identity

Socialism and Modernity Peter Beilharz, 2009 This first collection of Peter Beilharz's highly influential thought traces the themes and problems manifestations and trajectories of socialism and modernity as they connect and shift over a twenty year period Woven throughout Beilharz's analysis is the urgent question of modern utopia how do we imagine freedom and equality in modernity The essays in this volume explore the relationship between socialism and modernity across the United States Europe and Australia from the mid 1980s to the turn of the twenty first century a time that witnessed the global triumph of capitalism and the dramatic turn

away from Marxism and socialism to modernity as the dominant perspective According to Beilharz we have seen the expansion of a kind of Weberian Marxism with the concept of revolution giving way to the idea of pluralized forms of power and the idea of rupture giving way to the postmodern sense of difference These changes come together with the discourse of modernism both aesthetic and technological Socialism and modernity Beilharz argues are fundamentally interrelated In correcting the conflation of Marxism Bolshevism and socialism that occludes contemporary political thinking he reopens a space for discussion of what socialist politics might look like now in the postcommunist postcolonial postmodern moment

Heterotopia Tobin Siebers, 1994 Considers the uses and dangers of utopian thinking in the postmodern world **Law, Modernity, Postmodernity** Brendan Edgeworth, 2019-07-30 This title was first published in 2003 This book examines the interrelationship between the unravelling of the post war welfare state and legal change By reference to theorists of postmodernity such as Zygmunt Bauman Scott Lash and John Urry and David Harvey the principal argument is that contemporary law and legal institutions can be best understood as having changed in ways that mirror the recent transformation of the interventionist welfare state and its Fordist Keynesian economic infrastructure The key changes identified in the legal field include the shift toward marketized regulatory structures as reflected in privatization and deregulation the attenuation of welfare rights the privatization of justice legal polycentricity the reconfiguration of the welfare state s social citizenship and the globalization of law Empirical evidence from a number of jurisdictions is adduced to indicate the general direction of change Notes from Underground Thomas Cushman, 1995-07-06 Describes the Russian rock music counterculture and how it is changing in response to Russia s transition from a socialist to a capitalist society It explores the lived experiences the thoughts and feelings of the rock musicians as they meet the challenges of change
