Beyond Retribution A New Testament Vision For Justice Crime And Punishment:

Beyond Retribution Christopher D. Marshall, 2001 Recently a growing number of Christians have actively promoted the concept of restorative justice and attempted to develop programs for dealing with crime based on restorative principles But is this approach truly consistent with the teaching of Scripture To date very little has been done to test this claim Beyond Retribution fills a gap by plumbing the New Testament on the topics of crime justice and punishment Christopher Marshall first explores the problems involved in applying ethical teachings from the New Testament to mainstream society He then surveys the extent to which the New Testament addresses criminal justice issues looking in particular at the concept of the justice of God in the teachings of Paul and Jesus He also examines the topic of punishment reviewing the debate in social thinking over the ethics and purpose of punishment including capital punishment and he advocates a new concept of restorative punishment The result of this engaging work is a biblically based challenge to imitate the way of Christ in dealing with both victims and offenders Publisher

Beyond Mediation Daniel Njoroge Karanja, 2020-09-29 This book offers narrative analysis theory as a vehicle to understand indigenous mediation The conceptual basis for this manuscript is the undisputed urgent need to understand mediation from a conflict transformation perspective highlighting the nexus between indigenous justice forgiveness and trauma healing This book is based on the assumptions that local communities have the tools capabilities that they need to build stable and enduring peaceful co existence These capacities have been weakened by the political elite and bankrupt corrupt leadership approaches that must be rejected through empowerment and rigorous mediation brigades at the local level The last chapter in the manuscript proposes a research center for indigenous justice forgiveness and trauma healing in East Africa that will guarantee decades of scholarship and research around this subject in East Africa and beyond

The Bible, Justice, and Public Theology David J. Neville, 2014-10-09 Public theology is a developing field of discourse concerned to address matters of pressing public concern in theological perspective for the common good Themes of ecology poverty human rights and especially justice feature prominently in its discourse Although justice is also a prominent theme in the Bible there is no single perspective on what constitutes justice in the Bible and no single view on how biblical perspectives on justice should contribute to contemporary discussion regarding the meaning and implementation of justice Informed and inspired by Christopher Marshall's landmark work on Compassionate Justice Cascade Books 2012 in dialogue with Jesus parables of the Good Samaritan and the Prodigal Son this collection of studies addresses various interrelations between the Bible justice and public theology Marshall himself proposes that certain parables of Jesus are paradigmatic for public theology and some contributors respond to different dimensions of his treatment of the parables of the Good Samaritan and the Prodigal Son in terms of restorative justice Other contributors by contrast examine broader related concerns such as justice in biblical theological and philosophical perspective the hermeneutics of engagement for justice the relation between feminist theology and restorative justice biblical resources for public theology and popular

culture as both a conversation partner with and a medium for public theology Peacemaking Susan Allen Nan, Zachariah Cherian Mampilly, Andrea Bartoli, 2011-11-10 In a world where conflict is never ending this thoughtful compilation fosters a new appreciation of the art of peacemaking as it is understood and practiced in a variety of contemporary settings Peacemaking From Practice to Theory is about seeing knowing and learning peacemaking as it exists in the real world Built on the premise that peacemaking is among the most elemental of human experiences this seminal work emphasizes the importance of practice and lived experiences in understanding the process and learning what works to nurture peace To appropriately reflect the diversity of peacemaking practices challenges and innovations these two volumes bring together many authors and viewpoints The first volume consists of two sections Peacemaking in Practice and Towards an Inclusive Peacemaking the second of two additional sections New Directions in Peacemaking and Interpreting Peacemaking As the title states the work moves peacemaking beyond mere theory showcasing peacemaking efforts produced recorded recognized and understood by a variety of individuals and institutions In doing so it refocuses the study of peacemaking and guides readers to a systematic understanding and appreciation of the practices of peacemakers around the globe *Beyond Slavery* Chris Gooding, 2023-06-05 Is there life beyond slavery In the past twenty years there has been an explosion of research related to human trafficking However very little of it has examined the moral issues that survivors face after they are freed or that aftercare workers face as they help survivors try to live a life outside of bondage And there has been almost nothing written on how the tools of moral and political theology might offer insight for Christians who wish to help survivors live a normal life after enslavement This book hopes to address this gap in the discussion Drawing on over fifty interviews with survivors aftercare workers and human trafficking specialists from his field work in India Chris Gooding confronts difficult questions that arise during rehabilitation Why do so many survivors of trafficking end up walking back into bondage What might life after slavery look like for survivors who helped enslave other people How can we build antislavery coalitions that keep survivors voices at the center Gooding looks at all these questions through the eschatological hope that Christians have that the Messiah will one day break every chain and free all people from all forms of bondage **Reconciliation** John W. De Gruchy, 1872 Whether born in the Mideast Africa Asia or brought home to the streets of America violent hatreds often threaten to swamp the minimal cooperation needed to foster life and health Does Christianity have anything besides warmed over pieties to offer a world torn by estrangement alienation and violently opposed worldviews In this signal contribution to public theology John de Gruchy an internationally esteemed political theologian emphatically affirms the possibility and necessity of reconciliation For Christians he says reconciliation is the center and perennial test of their faith De Gruchy expands reconciliation s relevance beyond personal piety and ecclesial harmony to encompass group relations politics and even the environment In all cases he argues it involves the restoration of justice Forged in the recent experience of South Africa his work delineates the political and ecclesial significance of reconciliation and shows its importance for interreligious

relations addressing victimization and international peace Reconciliation will be welcomed by all whose faith leads them to help alleviate the world's mounting agonies **Justice That Transforms, Volume One** Wayne Northey, 2020-01-09 Restorative Justice was a term and concept largely unused before the mid 1970s Wayne Northey happened to be in on the ground floor of facilitating its worldwide adoption as a challenge to Western retributive justice systems ultimately to violent responses to conflict domestically and internationally The most replicated early model of Restorative Justice based on the well known Elmira Case was a Canadian first initially dubbed Victim Offender Reconciliation Project VORP The author became its second director in 1977 The term mediation later displaced the more religious word reconciliation as the model spread outside Christian moorings and program displaced the initially more tentative project At seminary Northey had learned to think through one's vocation theologically He began in that vein writing and publishing on this profound call for a systemic paradigm shift and has been at it ever since This publication is volume 1 of a series of his collected writings of which two additional volumes may be found online Two or three further volumes are projected **Reforming Criminal Justice** Matthew T. Martens, 2023-10-16 Noted Attorney and Seminary Graduate Matthew T Martens Answers the Question Does the Design and Operation of the American Criminal Justice System Reflect Christian Love of Neighbor Jesus told his followers that the entirety of the Old Testament's law is encapsulated in the commands to love God and to love their neighbors as themselves In *Reforming Criminal Justice: A Christian Proposal* Matthew T Martens argues that love of neighbor must be the animating force for true reformation of the criminal justice system obligating us to seek the best for both the criminally victimized and the criminally accused Using his theological training Martens reveals how Scripture provides several guideposts accuracy due process accountability impartiality and proportionality for loving our neighbors as it relates to criminal justice Then drawing on his near quarter century practicing criminal law he examines how America's justice system falls short of the biblical standard By understanding how our current system operates and considering how love of neighbor relates to issues of crime and justice we will be better equipped to seek true Christian reform of the justice system *A Biblical Perspective on Criminal Justice* Offers a biblical framework for thinking about the concept of justice for both the victim and the perpetrator Examines the History of the American Criminal Justice System Surveys the evolution of the criminal justice system in the United States with a focus on its misuse from the time of the Civil War to the civil rights movement Assesses the Criminal Justice System Examines the operation of the American justice system today including plea bargains assistance of counsel the death penalty and more Foreword by Derwin L Gray Pastor of Transformation Church in Indian Land South Carolina and the author of *How to Heal Our Racial Divide and Building a Multiethnic Church* **Razing Hell** Sharon L. Baker, 2010-01-01 Seventy percent of Americans believe in hell as do 92 percent of those who attend church every week In her candid and inviting style Baker explores and ultimately refutes many traditional views of hell

Responsibility, Chastisement and Restoration Ronald Laldinsuah, 2015-05-14 Many Old Testament scholars have focused

their studies of justice on the eighth century BC prophets Isaiah Amos and Micah giving little or no attention to Hosea. Neglect of Hosea in relation to justice arises from the common notion that he was a prophet of love and although some studies concede that parts of the book deal with justice it is often overlooked or given secondary importance to other concerns and themes. In this publication Ronald Laldinsuah addresses this misconception by demonstrating that Hosea was indeed a prophet of justice. Through careful analysis of the text as well as observing both the biblical concept and the secular notions of justice it is observed that justice must perpetuate right and true relationships. In relational justice we see the inseparable relationship among humans and between humans and God emphasising Hosea's message of responsibility, chastisement and restoration.
