Beyond Forget Rediscovering The Prairies:

Beyond Forget Mark Abley, Sierra Club, 1988-04-01 Challenging Frontiers Lorry W. Felske, Beverly Jean Rasporich, 2004 *Challenging Frontiers* The Canadian West is a multidisciplinary study using critical essays as well as creative writing to explore the conceptions of the West both past and present Considering topics such as ranching immigration art and architecture as well as globalization and the spread of technology these articles inform the reader of the historical frontier and its mythology while also challenging and reassessing conventional analysis **The Cambridge Companion to Postcolonial Travel Writing** Robert Clarke, 2018-01-11 This Companion addresses an exciting emerging field of literary scholarship that charts the intersections of postcolonial studies and travel writing **The Literary History of Alberta Volume One** George Melnyk, 1998-04 Alberta's contradictory landscape has fired the imaginative energies of writers for centuries The sweep of the plains the thrust of the Rockies and the long roll of the woodlands have left vivid impressions on all of Alberta's writers both those who passed through Alberta in search of other horizons and those who made it their home The *Literary History of Alberta* surveys writing in and about Alberta from prehistory to the middle of the twentieth century It includes profiles of dozens of writers from the earnestly intended to the truly gifted and their texts from the commercial to the arcane It reminds us of long forgotten names and faces figures who quietly or not so quietly wrote the books that underpin Alberta's thriving literary culture today Melnyk also discusses the institutions that have shaped Alberta's literary culture The *Literary History of Alberta* is an essential text for any reader interested in the cultural history of western Canada and a landmark achievement in Alberta's continuing literary history The Literary History of Saskatchewan: Volume 1 David Carpenter, 2013-02-01 Saskatchewan's literary history is both colourful and complex It is also mature enough to deserve a critical investigation of its roots and origins its salient features and its prominent players This collection of scholarly essays conceptualized and compiled by well known Saskatchewan novelist essayist and scholar David Carpenter examines the Saskatchewan literary scene from its early Aboriginal storytellers on through to the decades to the burgeoning 1970s The dozen essays preceded by a David Carpenter introduction include such topics as Our New Storytellers Cree Literature in Saskatchewan The Literary Construction of Saskatchewan before 1905 Narratives of Trade Rebellion and Settlement and The New Generation The Seventies Remembered Also included are special topics among them Playwriting in Saskatchewan Feral Muse Angelic Muse The Poetry of Anne Szumigalski and tribute pieces to John V Hicks R D Symons Terrence Heath and Alex Karras Contributing scholars include the likes of Kristina Fagan Jenny Kerber Susan Gingell Ken Mitchell and Martin Winquist *The Literary History of Saskatchewan* David Carpenter, 2014-02-01 *Progressions* presents another batch of erudite and entertaining essays on a variety of topics covering Saskatchewan's literary development as well as tributes to some of the major contributors to that history and a pictorial glimpse into the past Writers stopped using typewriters and even moved beyond the Kaypro computer box for their compositions The Saskatchewan School of the Arts was

shut down ending the Fort San writing experience But the Sage Hill Writing Experience quickly rose to replace it Saskatchewan literary presses really found their feet and published important and lasting books A wave of new writers joined the founders of the province's literary tradition Responding to this growth in the community the Saskatchewan Book Awards and the Saskatchewan Festival of Words in Moose Jaw came into being The Saskatchewan writing community stormed out of the 20th Century in a frenzy of creativity and accomplishment Essay contributors to Volume 2 include Dave Margoshes Jeanette Lynes Aritha Van Herk Alison Calder and seven more The eleven essays include such topics as To House or House Not The New Saskatchewan Women Poets Contemporary Nature Writing in Saskatchewan Fort San Sage Hill and Brave and Foolish Nonconformists In addition literary tributes are offered for Caroline Heath Pat Krause Martha Blum and Max Braithwaite [American Colossus: The Grain Elevator, 1843 to 1943](#) William J. Brown, 2009 The first full length history of the American grain elevator from 1843 to 1943 Eight black and white illustrations appendix index bibliography

Perspectives of Saskatchewan Jene M. Porter, 2008-11-01 At the turn of the nineteenth century Saskatchewan was one of the fastest growing provinces in the country In the early 1900s it revolutionized the Canadian political landscape and gave rise to socialist governments that continue to influence Canadian politics today It was the birthplace of Canada's publicly funded health care system and home to a thriving arts and literary community that helped define western Canadian culture In Perspectives of Saskatchewan twenty one noted scholars present an in depth look at some of the major developments in the province's history including subjects such as art literature demographics politics northern development and religion It lays the foundations for a greater understanding of Saskatchewan's unique history identity and place in Canada **Watch Your Tongue** Mark Abley, 2018-10-30 Phrases idioms and clichés why do we say the things we say Watch Your Tongue explores weird and wonderful everyday sayings and what they reveal about us Do you ever wonder why you shouldn't have a cow but you should seize a bull by its horns Who has the better reputation in language cats or dogs Do you sometimes feel that our speech is all smoke and mirrors or that our expressions simply make no sense In Watch Your Tongue award winning author Mark Abley explores the phrases idioms and clichés of our everyday language With wit and subtle wisdom he unravels the mysteries of these expressions illuminating the history tradition and stories behind everything we say Pulling examples from Shakespeare's plays to sports team names ancient Rome to Twitter Abley shares samples and anecdotes of the eccentric ways that we play with phrase and pattern language Why do so many companies use fruit for their brand names What do politicians mean when they say they're going to drain the swamp Why does English use chickens to signify cowardice Abley dives into the history and psychology behind these examples and countless others unpacking their significance and sheer absurdity to show how our language developed where it is headed and what we can learn about ourselves from it Whimsically illustrated easily browsable and full of catchy sidebars Watch Your Tongue celebrates how we amuse ourselves with words and what our sayings reveal about the way we see the world **Conversations with a Dead Man** Mark Abley, 2024-02-13

The second edition of Mark Abley's acclaimed creative biography revised and expanded with a new introduction by the author. When he died in 1947, Duncan Campbell Scott was revered as one of his country's finest poets and honoured as a devoted civil servant. Today, because of his work as head of the Department of Indian Affairs, he's widely considered one of history's worst Canadians. When word of this reaches Scott's ghost, he returns to the land of the living to ask poet and journalist Mark Abley to clear his name. And in the ensuing research, Abley learns of a man who could somehow write vibrant poems about Indigenous people in one moment and in another institute policies designed to destroy Indigenous culture and force assimilation. With intelligence, moral ferocity, and a hunger for truth, Abley delves into Scott's professional and personal lives while also exploring the hostile government policies, including the residential school system, that damaged and continue to damage the lives of hundreds of thousands of Indigenous people. By mixing traditional non-fiction with an imagined debate between the author and Scott's ghost, *Conversations with a Dead Man* makes it clear that the villain was a man and his nation is our nation. Abley's act of radical empathy makes it harder to turn the page on a chapter of our history we might otherwise slam shut. —Andrew Stobo, Sniderman Maclean's
