cheerleading pom poms on the corners of the bed posts of the bed which she and I both shared I always watched the news at night before bedtime One winter night in 1983 around 11 15 p m the pom poms began twisting like little pieces of paper as if they had an energy source from something I didnt understand One pom pom flew off of the bedpost and landed in the corner across the room The next night around the same time the other pom pom flew off its post into the same corner I was so shocked I left them both lying there until my daughter had to use them again which was the next day The old house was huge and cold On another winter night my daughter and I were sleeping in the same room and the same bed as before All of a sudden my feet began feeling hot so I took off my socks I left them under the covers in case I needed them later About thirty minutes later the socks began moving up toward me under the cover to the edge and over the end of the bed I was so scared I couldnt move My daughter was still sleeping Then a pair of pillows began to move across the wooden part of the foot of the bed at the end and landed beside the socks When this happened I quickly awoke my daughter and we got out of that bed and that room When I went to check the room the next morning the socks were placed side by side and the pillows were arranged as if they were for show At this point I felt that I needed an outside opinion of my experiences I then called one of the universities I was acquainted with about my experiences They wanted to send a scientist to visit me and the house However my daughter was against it They sent an engineer instead The engineer after much observation informed me that I and my daughter were clairvoyant and that some form of an entity was in the house He said that a lot of things that was going on could possibly be explained based on the history of the house but not all of them From time to time several other unexplained incidences happened before I decided to move away from all of this Sometimes the telephone receiver would jump off its cradle Christmas bulbs would swing back and forth on the tree and water kept coming on in the bathroom when no one was present My daughter and I had no choice but to leave this unpredictable place Soon after we moved to Myrtle Beach S C We thought we had left the past behind however in our new house locks and doors would open as well as other things that occurred Over the years since then things seemed to have calmed down Even though I have been told that my daughter and I could both have psychokinesis she denies her powers

Beyond Here Lies Nothing CJ Duggan, 2019-10-01 When a big city agent wants to rent the abandoned chapel on the Bowens property for an obscene amount of money it seems like a deal of a lifetime there s just one small catch Nathaniel Black Disgraced broken down whisky swilling rock god Nathaniel Black is set to make a comeback or at least that s what his long suffering agent is hoping Nathaniel s last chance for salvation is to lock himself away from the temptations of his wicked life With no women no booze and no drugs Only the music The one thing he didnt count on was forming a complex life changing bond with a reclusive talented songbird Sadie Bowen Twenty three year old Sadie has all of Nathaniel s cassette tapes under her bed and his tattered poster lining the inside of her wardrobe door And now he s here in her backyard eating her food and sharing her bathroom a dream come true right Until Sadie realises her teenage idol is the most infuriating arrogant man child she has ever met Will seclusion lead to destruction Or will Sadie

finally get a chance to learn who the real man is behind the music One thing is clear despite every voice inside her head telling her to stay away she can't She can't help it can't fight it Nathaniel Black is about to become her favourite mistake
