Beyond The Burning Cross:

Protecting Hate Speech: R.A.V. v. St. Paul Susan Dudley Gold, 2014-01-01 The First Amendment to the U S Constitution guarantees a free press and free speech but those rights are not unlimited In Protecting Hate Speech R A V v St Paul award winning author Susan Dudley Gold looks at the issues involved when the Minnesota city of St Paul tried to ban hate speech within its borders The entertaining account of the case explores the fine line legislators must walk when putting restrictions on free speech The U S Supreme Court s decision in the case has become a testament to the sanctity of the First Amendment even when it protects hateful speech and symbol acts that most Americans despise The Constitution Goes to College Rodney A. Smolla, 2011-04-11 In this book the author deftly uses the American university as a lens through which to view the Constitution in action Drawing on landmark cases and conflicts played out on college campuses he demonstrates how five key constitutional ideas are not only fiercely contested on college campuses but also dominate the shape and identity of American university life Death, Transcendence, and Beyond Rev. Gary W. Duncan, M.S., M.A., CSM/OCP, 2023-01-30 About the Book Death Transcendence and Beyond chronicles Rev Gary W Duncan s spiritual journey from exploring the pagan Christian traditions of his Cherokee grandmother during childhood to his adolescent job in a funeral home to his own psychological and metaphysical studies later in life leading him to ultimately become an ordained priest and psychopomp a spiritual tour guide for the dying In this highly personal and transparent work Rev Gary Duncan explores topics such as death reincarnation karma the afterlife and magick and how expanding his understanding of our world and the next made him into the spiritual leader he is today About the Author Rev Gary W Duncan M S M A CSM OCP began his career in the funeral business and later went into industrial chemistry where he spent over five years in polymer research and another five years in behavioral social science and medical research He spent the next twenty one years in private practice as a psychotherapist sex therapist and Licensed Professional Clinical Counselor in the State of Ohio He is a writer published author ordained Gnostic Catholic Priest and founder of the Monastery of Inner Awakening a center for the study of sacred sciences the soul and the afterlife **Speaking Our Minds** Joseph Russomanno, 2005-04-11 Tinker R A V Ollman Hustler Falwell Reno ACLU Nebraska Press Association These names are synonymous with contemporary First Amendment litigation To explore these landmark cases more deeply author Joseph Russomanno interviewed the people at the core of these and other influential First Amendment cases and he presents their stories here in a personal in depth oral history of First Amendment law Previously unavailable in other literature these stories go beyond the what of the cases and answer the why and how of ten major cases from the latter part of the 20th century Through their own words and photographs plaintiffs defendants and their attorneys describe what it was like to be involved in the development of these historic First Amendment cases The issues addressed in these landmark cases cover crucial aspects of the First Amendment freedom of expression hate speech libel privacy intentional infliction of emotional distress promises of confidentiality to news

sources free press fair trial commercial speech broadcast and cable television regulation and new media These narratives recount the events that initiated the court cases and follow the lead players through the various stages of the U S legal system Excerpts of the court decisions are included at the conclusion of each chapter and sidebars explain key terms issues and names that come up in the process The cases highlighted here were often difficult and controversial cases which on their surface raise questions about both the participants and their lawyers A cross burner and a pornographer ask to be protected by the First Amendment a measure intended to protect children from exposure to lewd content on the Internet is questioned Through the words of the participants in these cases the meaning depth and reach of the First Amendment becomes clear and demonstrates how the law functions to protect the rights of all individuals This unique chronicle will appeal to those studying First Amendment law including mass communication law journalism and political science scholars and to lawyers journalists and political scientists with an interest in this area The volume is also intended to serve as a supplemental text in a mass communication law course or as a text in advanced First Amendment theory course and political science courses exploring the law decisions and processes of the U S Supreme Court

A Year at the Supreme Court Neal Devins, Davison M. Douglas, 2004-10-13 Profiles a watershed year 2002 2003 in the life of the U S Supreme Court with contributions by journalists and Court advocates that discuss critical rulings on gay rights affirmative action hate speech federal state relations and criminal law

We Must Not Be Afraid to Be Free Ronald K.L. Collins, Sam Chaltain, 2011-02-25 In *We Must Not Be Afraid to Be Free* Ron Collins and Sam Chaltain two noted free speech scholars and activists provide authoritative and vivid portraits of free speech in modern America The authors offer a series of engaging accounts of landmark First Amendment cases including bitterly contested cases concerning loyalty oaths hate speech flag burning student anti war protests and McCarthy era prosecutions The book also describes the colorful people involved in each case the judges attorneys and defendants and the issues at stake Tracing the development of free speech rights from a more restrictive era the early twentieth century through the Warren Court revolution of the 1960s and beyond Collins and Chaltain not only cover the history of a cherished ideal but also explain in accessible language how the law surrounding this ideal has changed over time

Confronting Right Wing Extremism and Terrorism in the USA George Michael, 2003-09-02 This book examines the response to right wing extremism in the US from both the government and non governmental organisations It provides a detailed portrait of the contemporary extreme right in the US including interviews with several of the movement s leading figures from groups such as the Ku Klux Klan Militias American Renaissance and the White Aryan Resistance The author also explains how the activities of these racist groups have been curbed due to the campaigning efforts of anti racist and anti fascist watchdogs who have helped to shape and influence government policy

Confessions of a Free Speech Lawyer Rodney A. Smolla, 2020-05-15 In the personal and frank *Confessions of a Free Speech Lawyer* Rodney A Smolla offers an insider s view on the violent confrontations in Charlottesville during the summer of hate Blending

memoir courtroom drama and a consideration of the unhealed wound of racism in our society he shines a light on the conflict between the value of free speech and the protection of civil rights Smolla has spent his career in the thick of these tempestuous and fraught issues from acting as lead counsel in a famous Supreme Court decision challenging Virginia's law against burning crosses to serving as co counsel in a libel suit brought by a fraternity against Rolling Stone magazine for publishing an article alleging that one of the fraternity's initiation rituals included gang rape Smolla has also been active as a university leader serving as dean of three law schools and president of one and railing against hate speech and sexual assault on US campuses Well before the tiki torches cast their ominous shadows across the nation the city of Charlottesville sought to relocate the Unite the Right rally Smolla was approached to represent the alt right groups Though he declined he came to wonder what his history of advocacy had wrought Feeling unsettlingly complicit he joined the Charlottesville Task Force and he realized that the events that transpired there had meaning and resonance far beyond a singular time and place Why he wonders has one of our foundational rights created a land in which such tragic clashes happen all too frequently

The Supreme Court and Sexual Harassment Paul I. Weizer, 2000-01-01 The issue of sexual harassment has received considerable attention in recent years As responses to this problem have evolved Paul I Weizer argues free speech and due process have become increasingly threatened Because the Supreme Court has given little guidance confronting harassment has been difficult and haphazard The Supreme Court and Sexual Harassment examines the crux between limiting workplace speech and preventing sexual harassment Weizer argues that the courts need to clarify further the meaning of sexual harassment and employers need to clarify their own and their employees speech and due process rights in the workplace The book offers a lucid examination of how the First Amendment has evolved in the past century an investigation of comparative areas of unpopular speech and an analysis of how sexual harassment precedent has developed Weizer concludes with a proposal for a less restrictive alternative that would prevent true harassment while preserving free expression Adding another strong voice to the debate on sexual harassment in America this is an important book for our time

Beyond the Bridge: R. D. Lock, 2011-07-11 Seeking a job as a first year teacher Robin Robertson heads for an interview at the Westminster Rural Agricultural Schools in the spring of 1956 Here Robin could teach and also coach varsity basketball and counsel students Amid the pressures of beginning a new career he starts to wonder whether a big city person like himself can adapt adequately to the lifestyle of small town rural America This story pictures a way of life that has vanished in all too many places Many readers will relate to the challenges conflicts and rewards between students and an untried but idealistic teacher Others will recall athletic contests won and lost and perhaps will remember counseling that went way beyond arranging school schedules The author draws upon forty three years of educational experience in high school and community college focusing on that memorable first year in front of a classroom being in charge of the community's Winter Entertainment Committee basketball games and creating a newly mandated school guidance program
