Hindu Scriptures and American

Transcendentalists Umesh Patri, 2019-10-17 In this extraordinarily candid book Umesh Patri presents a fresh reappraisal of the impact of Indian scriptures on American transcendentalism which flourished in New England in the 19th century The major premise of the study is that other influences on the transcendentalists such as Chinese Persian Sufi Arabic Neo Platonism and German transcendentalism are of less significance than that of Indian scriptures comprising of Hindu and Buddhist texts In the writings of Emerson Thoreau and minor transcendentalists like Alcott Fuller Channing Johnson Brownson etc the influence of Indian scriptures is clearly discernable An attempt has been made here to show that Indian scriptures have not only influenced the philosophical thinking of these writers but also their lifestyle and social conduct It also attempts to show that transcendentalism was not an isolated movement but was a part of a cultural renaissance which swept the entire nation in the wake of avid interest and curiosity in the ancient lore of other countries Transcendentalism it is suggested here continues to affect the thinking of Americans and can be viewed as a continuing movement of thought in American intellectual history This book draws attention to many aspects of transcendentalism which have not been adequately discussed so far

will find this collection to be of great interest **Mysticism: A Guide for the Perplexed** Paul Oliver, 2009-09-01 Mysticism is one of the most enduring and fascinating aspects of religious life and one of the most difficult to unpick It has over the centuries inspired many of the leading figures in different faiths to seek a sense of union with God or with the spiritual forces in the universe and is increasingly part of the spiritual mainstream Designed for students grappling with this complicated area this book enables readers to understand the nature of mysticism and to examine in detail the traditional methods used by mystics in seeking an intimate understanding of the spiritual world Including a detailed survey of mystical trends within all the main world religions and case studies of the lives of important mystics *Mysticism A Guide for the Perplexed* also examines the nature of the mystical lifestyle and the extent to which ordinary people can develop a sense of personal mysticism *Scoffing at Scripture* Frank Bolger Kelly, 2011-02 A former Roman Catholic Frank Bolger Kelly has long wondered why thinking humans as a whole in the 21st century have not yet been able to disenthral themselves from the demonstrable falsehoods and sectarian nonsense of organized religion A few years ago Kelly decided to sit down with the sacred scriptures of several of the world's major religions the alleged bedrocks of these various creeds in a last ditch effort to achieve holy inspiration Instead he became wholly disenchanted and *Scoffing at Scripture A Commoner Reads the World's Holy Writ and Rejects Traditional Religion* is the result Far from representing that all elusive Word of God creedal scripture the world over it seems to Kelly merely cloaks the tribal agendas and cultural designs of the world's priestly and virtually all-male elites With the general reader in mind the author has grouped together a series of compact discussions of religion and scripture for cross-cultural comparative reference Kelly's intent is to facilitate critical analysis of the world's holy writ and in particular to encourage younger skeptical readers of a secular mind to confront the doctrinal scriptural and ritual absurdities of those faiths into which they were born and continue to be indoctrinated Frank Bolger Kelly grew up in an Irish Catholic family in the Bronx New York matriculated to a noted Jesuit college in New England and subsequently did time at a prestigious non-sectarian institution of higher learning in the Midwest It was during his enlightening time at the latter that Kelly first began seriously to question not only his own religious upbringing but the scriptural bases of all the world's major religions Kelly was quickly convinced that the vast majority of the faithful the world over commoners like himself just might reconsider their religious roots and motivations in a new light if they actually bothered to immerse themselves for a time in their own sacred scriptures rather than merely fake familiarity with them Actually to read scripture in all its antiquated tendentious sectarian absurdity Kelly reasoned is to take a first giant step in renouncing irrational creeds of all kinds Thus was born *Scoffing at Scripture A Commoner Reads the World's Holy Writ and Rejects Traditional Religion* a book from which the author hopes the open-minded reader will draw a secularly pure spiritual sustenance *Mysticism in the Theater* Tom Block, 2022-02-03 *Mysticism in the Theater* introduces theater makers to the power and possibility of using historical mystical ideas to influence all aspects of a production Historical mysticism represents ideas developed by recognized spiritual

thinkers in all religions and time periods individuals who stilled their ego and perceived the unity of all hidden within the apparent multiplicity of existence This unique manner of spiritual inlay allows theatrical presentations to find the height of artistic expression art at the intersection of our historical moment and the eternal This study introduces theater makers to the history of mystical inspiration within performance work and develops strategies for inserting mystical ideas into their productions The book ties this model into theatre s history as mystical ideas and quotes have been inserted into productions from Greek theatre through Shakespeare and into the present day This book explores how teachings and ideas of specific historical mystical thinkers might influence all aspects of contemporary theatrical productions including writing directing acting stagecraft set design lighting design costume design sound design and choreography

Mysticism in American Literature Paul Hourihan, 2013-02 Much has been written about Henry David Thoreau and Walt Whitman as prominent writers but much less research has been done regarding their spirituality which gave power to the writing of their unique classics This award winning study focusing on the mysticism in the lives and major works of Thoreau and Whitman two great American literary mystics of the 19th century remedies that You ll find out How their principal works were inspired by their spiritual revelations and struggles What the deeper meanings are in key passages from Thoreau s classic *Walden* and Whitman s provocative and ground breaking poem *Song of Myself* How their spirituality reflected their very different personalities and characters By understanding the wisdom and strengths as well as the faults and failings of these great men of letters we can know ourselves better As Dr Chari states in the Foreword At a time like this Dr Hourihan performs a valuable service by his courageous reaffirmation of what is of permanent value in the lives and works of two of the most original minds in American literature

Mysticism and the Spiritual Quest Phyllis Zagano, 2013 A crosscultural exploration of the meanings definitions practices and common themes of mysticism via a study of original texts in translation from different parts of the world It brings together the writings of the mystics from Christianity Judaism Islam Buddhism Hinduism Taoism and Confucianism in one volume
