Sorcerer's Apprentice Amy Wallace, 2013-07-30 *Sorcerer's Apprentice* opens with Amy Wallace's first meeting with Carlos Castaneda the infamous anthropologist turned shaman whose books described meetings with Yaqui Indian spiritual teacher don Juan Castaneda's rise was meteoric in the late 1960s as he wrote massive bestsellers inspired many to experiment with psychedelics and was dubbed the Godfather of the New Age The possibility that Castaneda's experiences may have been fabricated did little to compromise his legend As the daughter of best selling novelist Irving Wallace Amy was rarely shy around famous people When her father insisted she meet Castaneda she at first demurred Little did she know that a delightful first meeting would begin a 20 year friendship followed by her descent into the dramatic and deeply troubled affair chronicled in this book *Sorcerer's Apprentice* unblinkingly reveals the inner workings of the Cult of Carlos run by a charismatic authoritarian in his sixties who controlled his young female followers through emotional abuse mind games bizarre rituals dubious teachings and sexual excess Wallace's story is both specific and universal a captivating cautionary tale about the dangers of giving up one's power to a tyrant and about surviving assaults on body and spirit *Sorcerers' Apprentices* Artemus Ward, David L. Weiden, 2006 Based on Supreme Court archives the personal papers of justices and other figures at the Supreme Court and interviews and written surveys with 150 former clerks *Sorcerers Apprentices* is a rare behind the scenes look at the life of a law clerk and how it has evolved since its nineteenth century beginnings **BOOK JACKET**

Boston, 1976 By examining the role of the mentor as seen in the writings of Carlos Castaneda Bruce Boston analyzes how current pedagogical practices related to the education of gifted and talented children could be improved The sorcerer and the apprentice illustrate the mentor pupil relationship and characteristics of the mentor's art teaching from the world to the student and of the pupil a willingness to experience are discussed The final section focuses on the implications for applying this model to the education of gifted and talented children rooting mentor programs in experiential learning matching mentor with pupil allowing for open ended programs and basing instruction and evaluation on competencies rather than norms *Lost in Nightwalk (Accidental Sorcerers #5)* Larry Kollar, 2015-05-02

The Disney Middle Ages T. Pugh, S. Aronstein, 2012-12-10 For many the middle ages depicted in Walt Disney movies have come to figure as the middle ages forming the earliest visions of the medieval past for much of the contemporary Western and increasingly Eastern imagination The essayists of *The Disney Middle Ages* explore Disney's mediation and re

creation of a fairy tale and fantasy past not to lament its exploitation of the middle ages for corporate ends but to examine how and why these medieval visions prove so readily adaptable to themed entertainments many centuries after their creation What results is a scrupulous and comprehensive examination of the intersection between the products of the Disney Corporation and popular culture s fascination with the middle ages Becoming Konstantinos Retsikas,2012 Becoming An Anthropological Approach to Understandings of the Person in Java is an ethnographic monograph that examines the ways in which the peoples of a peri urban locality in East Java Indonesia conceive of the person by looking at how their everyday practices relate to understandings of ethnicity kinship Islam and gender The volume is also a thought experiment that aims to make a theoretical contribution to the discipline of anthropology by proposing the concept of the diaphoron person and re deploying the method of total ethnography **A Companion to the Anthropology of Religion** Janice Boddy,Michael Lambek,2015-12-14 A Companion to the Anthropology of Religion presents a collection of original ethnographically informed essays that explore the variety of beliefs practices and religious experiences in the contemporary world and asks how to think about religion as a subject of anthropological inquiry Presents a collection of original ethnographically informed essays exploring the wide variety of beliefs practices and religious experiences in the contemporary world Explores a broad range of topics including the perspectivism debate the rise of religious nationalism reflections on religion and new media religion and politics and ideas of self and gender in relation to religious belief Includes examples drawn from different religious traditions and from several regions of the world Features newly commissioned articles reflecting the most up to date research and critical thinking in the field written by an international team of leading scholars Adds immeasurably to our understanding of the complex relationships between religion culture society and the individual in today s world The Cincinnati Lancet-clinic ,1889
