Teaching British Women Writers, 1750-1900 Jeanne Moskal, Shannon R. Wooden, 2005 The exuberant recovery from obscurity of scores of British women writers has prompted professors and publishers to revisit publication of women's writings New curricular inclusion of these sometimes quirky often passionate writers profoundly disrupts traditional pedagogical assumptions about what constitutes literature This book addresses this radically changed educational landscape

offering practical proven teaching strategies for newly recovered writers both in special topics courses and in traditional teaching environments Moreover it addresses the institutional issues confronting feminist scholars who teach women writers in a variety of settings and the kinds of career altering effects the decision to teach this material can have on junior and senior scholars alike Collectively these essays argue that teaching noncanonical women writers invigorates the curriculum as a whole not only by introducing the voices of women writers but by incorporating new genres by asking new questions about readers assumptions and aesthetic values and by altering the power relations between teacher and student for the better

Awful Parenthesis Anne C. McCarthy, 2018-04-13 Whether the rapt trances of Romanticism or the corpse like figures that confounded Victorian science and religion nineteenth century depictions of bodies in suspended

animation are read as manifestations of broader concerns about the unknowable in Anne C McCarthy's *Awful Parenthesis*. Examining various aesthetics of suspension in the works of poets such as Coleridge, Shelley, Tennyson, and Christina Rossetti, McCarthy shares important insights into the nineteenth-century fascination with the sublime. Attentive to differences between Romantic and Victorian articulations of suspension, *Awful Parenthesis* offers a critical alternative to assumptions about periodization. While investigating various conceptualizations of suspension, including the suspension of disbelief, suspended animation, trance, paralysis, pause, and dilatation, McCarthy provides historically aware close readings of nineteenth-century poems in conversation with prose genres that include devotional works, philosophy, travel writing, and periodical fiction. *Awful Parenthesis* reveals the cultural obsession with the aesthetics of suspension as a response to an expanding, incoherent world in crisis, one where the audience is both active participant and passive onlooker.
