Approaching Arthur Ransome:

Approaching Arthur Ransome Peter Hunt, 1992 *Children's Literature* K. Lesnik-Oberstein, 2004-08-31 *Children's Literature New Approaches* is a guide for graduate and upper level undergraduate students of children's literature. It is structured through critics reading individual texts to bring out wider issues that are current in the field. Includes chronology of key events and publications, a selective guide to further reading, and a list of Web-based resources.

A Thoroughly Mischievous Person Alan Kennedy, 2021-01-01 First published in 1930, *Swallows and Amazons* secured Arthur Ransome's reputation as one of the most influential children's authors of all time. Yet prior to writing fiction, he had had a turbulent career as a journalist and war correspondent in revolutionary Russia. In this refreshing account of Ransome's work, Alan Kennedy sets out to explain his enduring appeal, combining literary criticism with psychological expertise. Not only did Ransome apply a careful narrative theory to his works, his use of symbolism aligning them more with the modernist tradition than with the event-driven children's literature of contemporaries such as Richmal Crompton and Enid Blyton, but his novels are also more than usually autobiographical. This Kennedy ably demonstrates with reference to three particular challenges Ransome faced in a seriously conflicted life: his father's untimely death, his abandonment of his infant daughter in order to escape his catastrophic first marriage, and the innumerable compromises that kept him alive during his Russian exile. *A Thoroughly Mischievous Person* is the first study to tackle this matter systematically, giving casual and scholarly readers alike new insights into the other Arthur Ransome.

Arthur Ransome, 1991 **Arthur Ransome** Wayne G. Hammond, 2000 A prolific 20th-century author, editor, critic, reviewer, and foreign correspondent, Arthur Ransome is historically considered one of the most important English children's writers between the wars. This first comprehensive bibliography describes in detail the various editions of the books he wrote and to which he contributed. Included in this work are more than 1,500 contributions by Ransome to newspapers and magazines, with extensive notes on their publication history. Among these contributions are controversial reports from Russia during World War I and the rise of the Bolsheviks.

Class, Leisure and National Identity in British Children's Literature, 1918-1950 Hazel Sheeky Bird, 2014-10-07 This book places children's literature at the forefront of early twentieth-century debates about national identity and class relations that were expressed through the pursuit of leisure. Focusing on stories about hiking, camping, and sailing, this book offers a fresh insight into a popular period of modern British cultural and political history.

Understanding Children's Literature Peter Hunt, 2006-05-17 Edited by Peter Hunt, a leading figure in the field, this book introduces the study of children's literature, addressing theoretical questions as well as the most relevant critical approaches to the discipline. The fourteen chapters draw on insights from academic disciplines ranging from cultural and literary studies to education and psychology, and include an essay on what writers for children think about their craft. The result is a fascinating array of perspectives on key topics in children's literature, as well as an introduction to such diverse concerns as literacy, ideology, stylistics, feminism, and history.

culture and bibliotherapy An extensive general bibliography is complemented by lists of further reading for each chapter and a glossary defines critical and technical terms making the book accessible for those coming to the field or to a particular approach for the first time In this second edition there are four entirely new chapters contributors have revisited and revised or rewritten seven of the chapters to reflect new thinking while the remaining three are classic essays widely acknowledged to be definitive Understanding Children s Literature will not only be an invaluable guide for students of literature or education but it will also inform and enrich the practice of teachers and librarians *Children in Culture, Revisited* K.

Lesnik-Oberstein,2011-06-13 Children in Culture Revisited follows on from the first volume Children in Culture and is composed of a range of chapters newly written for this collection which offer further fully inter and multidisciplinary considerations of childhood as a culturally and historically constructed identity rather than a constant psycho biological entity **Reading and Mapping Fiction** Sally Bushell,2020-07-02 Do we map as we read How central to our experience of

literature is the way in which we spatialise and visualise a fictional world Reading and Mapping Fiction offers a fresh approach to the interpretation of literary space and place centred upon the emergence of a fictional map alongside the text in the late nineteenth and early twentieth centuries Bringing together a range of new and emerging theories including cognitive mapping and critical cartography Bushell compellingly argues that this activity whatever it is called mapping diagramming visualising spatialising is a vital and intrinsic part of how we experience literature and of what makes it so powerful Drawing on both the theory and history of literature and cartography this richly illustrated study opens up understanding of spatial meaning and interpretation in new ways that are relevant to both more traditional academic scholarship and to newly emerging digital practices **Out of Essex** James Canton,2013-07-23 Beyond the brash modern stereotypes of Essex there

exists a landscape that has inspired some of England s finest writing This book tracks the paths of those literary figures who have ventured into the wilder parts of Essex Some are illustrious names Shakespeare Defoe John Clare Joseph Conrad H G Wells Arthur Ransome Others may be lesser known but here are well remembered Samuel Purchas Sabine Baring Gould Margery Allingham J A Baker In ten chapters James Canton crosses five centuries into the furthest reaches of the county in search of writers and what can be seen of their work today J A Baker follows the peregrines along the Chelmer valley to the Blackwater estuary at Maldon John Clare wanders the hidden pathways of Epping Forest scribbling poetry while Arthur Ransome sails around the islands of the Hamford Waters William Shakespeare appears in the woody glades beside Castle Hedingham Joseph Conrad stares across the Essex marshes at Tilbury to the Thames while Sabine Baring Gould s Gothic heroine Mehalah lives upon a lone muddy stretch beside Mersea Island where Margery Allingham sets her first tale of smuggling and murder Daniel Defoe recounts the horror of the ague on the Dengie Peninsula H G Wells writes a tale of the First World War from his home at Little Easton Samuel Purchas tells such seafaring tales from his Southend vicarage as to inspire Samuel Taylor Coleridge to write Kubla Khan Combining detailed literary detective work with personal responses to
