Arabia The Gulf The West:

Arabia The Gulf & The West John Barrett Kelly, 1980-09-25 This meticulously researched book provides a timely and absolutely indispensable guide to the nations of the Persian Gulf on which the West's security and oil supplies critically depend their political regimes and policies their economies and the mind sets of their leaders But it does more than that Dr Kelly one of the world's leading authorities on the modern history of Arabia and the Gulf for the first time tells the full story of how the West's supine policies deliberately pulled us out of the region and thus led inevitably to the dangerous power vacuum that now exists in the world's most important strategic area The author also shows that one cannot fully understand the dangerous situation in which the West now stands with regard to its oil supplies without understanding the nature of the regimes in power in the Arabian peninsula from Book Jacket

Arabia, The Gulf & The West J. B. Kelley, 1991-04-04 An incisive meticulously researched look at the political regimes policies and economies which have made the oil rich Persian Gulf the world's most strategic area and a major source of predicaments for the West

Western Strategic Interests in Saudi Arabia (RLE Saudi Arabia) Anthony Cordesman, 2020-07-26 Saudi Arabia's strategic relations with the West involve clear and direct common strategic interests in the Gulf and in the Near East While they compete in terms of trade and oil prices they share a common commitment to private enterprise and to maintaining a stable balance of world trade Saudi Arabia often differs with given Western states in terms of specific strategic interests and tactics but these differences are rarely significant enough to prevent close cooperation Even the differences over the Arab Israeli peace issue are largely ones of timing and tactics Saudi Arabia must preserve friendly relations with Syria and is vulnerable to attacks by Arab radicals and Iran It has also differed with the US over the specific approach that should be taken to achieving an Arab Israeli peace settlement but it has consistently pushed for a peace settlement within the Arab world This book first published in 1987 analyses the interrelations between Western and Saudi strategic concerns and argues forcibly that pressure from the Israeli lobby within US domestic politics must not be allowed to interfere within the proper provisioning of the Saudi armed forces especially the air force
