

Après tant de batailles...

Il y a trois hommes en Pierre Messmer : le soldat qui, dès le 17 juin 1940, a refusé l'armistice et entrepris, les armes à la main, de rendre à la France sa liberté, de Dakar à la frontière du Rhin en passant par Bir Hakeim et El Alamein; l'administrateur colonial qui a assisté, navré, au naufrage indochinois avant d'organiser lucidement la décolonisation de l'Afrique; le ministre enfin, demeuré neuf ans à la tête des Armées par la volonté du général de Gaulle – un record dans l'histoire républicaine –, confronté à deux putschs, ordonnateur de la force de dissuasion nucléaire, et qui terminera sa carrière gouvernementale comme Premier ministre de Georges Pompidou.

Un seul de ces épisodes aurait largement rempli toute une vie. Pierre Messmer collectionne, sans en parler, les batailles, les évasions, les événements historiques. Discrètement, modestement, comme si tout cela allait de soi.

Plus que des mémoires, *Après tant de batailles* rassemble ses témoignages rédigés à chaud. On y découvre un Pierre Messmer inconnu et, pour tout dire, méconnu. Un homme d'une exceptionnelle lucidité sur lui-même et ses contemporains, épinglant d'une remarque ironique un Malraux ou un Bigeard, révélant au détour d'une phrase quelques secrets d'Etat – l'enlèvement d'Antoine Argoud ou l'aide américaine à la bombe atomique française –, troussant enfin des portraits inattendus de quelques vedettes de la scène politique nationale et internationale.

La vie de Pierre Messmer vaut bien des romans d'aventures.

Apras Tant De Batailles Mamoires:

Cold War and Decolonization in Guinea, 1946-1958 Elizabeth Schmidt, 2007 Winner of the African Politics Conference Group's Best Book Award In September 1958 Guinea claimed its independence rejecting a constitution that would have relegated it to junior partnership in the French Community In all the French empire Guinea was the only territory to vote No Orchestrating the No vote was the Guinean branch of the Rassemblement D mocratique Africain RDA an alliance of political parties with affiliates in French West and Equatorial Africa and the United Nations trusts of Togo and Cameroon Although Guinea's stance vis vis the 1958 constitution has been recognized as unique until now the historical roots of this phenomenon have not been adequately explained Clearly written and free of jargon Cold War and Decolonization in Guinea argues that Guinea's vote for independence was the culmination of a decade long struggle between local militants and political leaders for control of the political agenda Since 1950 when RDA representatives in the French parliament severed their ties to the French Communist Party conservative elements had dominated the RDA In Guinea local cadres had opposed the break Victimized by the administration and sidelined by their own leaders they quietly rebuilt the party from the base Leftist militants their voices muted throughout most of the decade gained preeminence in 1958 when trade unionists students the party's women's and youth wings and other grassroots actors pushed the Guinean RDA to endorse a No vote Thus Guinea's rejection of the proposed constitution in favor of immediate independence was not an isolated aberration Rather it was the outcome of years of political mobilization by activists who despite Cold War repression ultimately pushed the Guinean RDA to the left The significance of this highly original book based on previously unexamined archival records and oral interviews with grassroots activists extends far beyond its primary subject In illuminating the Guinean case Elizabeth Schmidt helps us understand the dynamics of decolonization and its legacy for postindependence nation building in many parts of the developing world Examining Guinean history from the bottom up Schmidt considers local politics within the larger context of the Cold War making her book suitable for courses in African history and politics diplomatic history and Cold War history

General de Gaulle's Cold War Garret Joseph Martin, 2013-09-01 The greatest threat to the Western alliance in the 1960s did not come from an enemy but from an ally France led by its mercurial leader General Charles de Gaulle launched a global and comprehensive challenge to the United States leadership of the Free World tackling not only the political but also the military economic and monetary spheres Successive American administrations fretted about de Gaulle whom they viewed as an irresponsible nationalist at best and a threat to their presence in Europe at worst Based on extensive international research this book is an original analysis of France's ambitious grand strategy during the 1960s and why it eventually failed De Gaulle's failed attempt to overcome the Cold War order reveals important insights about why the bipolar international system was able to survive for so long and why the General's legacy remains significant to current French foreign policy

Two Strategies for Europe Frédéric Bozo, Susan Emanuel, 2002-07-15 This timely book explores the often stormy French U S relationship and the evolution of the Atlantic Alliance under the presidency of Charles de Gaulle 1958D1969 The first work on this subject to draw on previously inaccessible material from U S and French archives the study offers a comprehensive analysis of Gaullist policies toward NATO and the United States during the 1960s a period that reached its apogee with de Gaulle's dramatic decision in 1966 to withdraw from NATO's integrated military arm This launched the French policy of autonomy within NATO which has since been adapted without having been abandoned De Gaulle's policy often has been caricatured by admirers and detractors alike as an expression of nationalism or anti Americanism Yet Frederic Bozo argues that although it did reflect the General's quest for grandeur it also and perhaps more important stemmed from a genuine strategy designed to build an independent Europe and to help overcome the system of blocs Indeed the author contends de Gaulle's actions forced NATO to adapt to new strategic realities Retracing the different phases of de Gaulle's policies Bozo provides valuable insight into current French approaches to foreign and security policy including the recent attempt by President Chirac to redefine and normalize the France NATO relationship As the author shows de Gaulle's legacy remains vigorous as France grapples with European integration a new role within a reformed NATO and relations with the United States **Vietnam 1946** Stein Tønnesson, 2010 Vietnam 1946 is a masterful narrative of the immediate origins of the first Vietnam War It is by turns vivid and shocking it is always immensely revealing Tønnesson brings forensic clarity to crucial events about which even now some sixty years later fundamental misapprehensions exist An outstanding work of scholarship of major international importance Martin Thomas author of Empires of Intelligence Tønnesson captures brilliantly

the 1946 confrontation between two republics France determined to redeem itself from Axis humiliation by regaining Indochina Vietnam equally determined to retake independence after eighty years of colonial servitude T nnesson also demonstrates however that some leaders on each side really wanted a peaceful mutually beneficial outcome Descent into full scale war was not inevitable This is a carefully researched clearly written analysis of a vital moment in the 20th century history of both countries It is also a meditation on the elusive boundary between free will and determinism in human affairs David Marr author of Vietnamese Tradition on Trial 1920 1945 Stein T nnesson s Vietnam 1946 answers the fundamental question about the first of Vietnam s 20th century wars the one fought against the French how did it happen He has written a meticulously researched account which restores their contingency to the events The first Indochina war like those that succeeded it was not inevitable and T nnesson explains why and how it happened anyway Marilyn Young author of The Vietnam Wars 1945 1990 **Mémoires** Académie des sciences, belles-lettres et arts de Savoie, Chambéry,1903
