

ARAFAT

*In The Eyes
Of The Beholder*

BY JANET WALLACH
AND JOHN WALLACH

Arafat In The Eyes Of The Beholder

Daniel Pipes

Arafat In The Eyes Of The Beholder:

Arafat Janet Wallach, John Wallach, 1997 The Wallachs have had extensive access to Arafat his relatives colleagues and close advisers They have spent hundreds of hours with key personalities in the Middle East including Arafat s Palestinian supporters as well as his opponents and with the leaders of the key Middle Eastern nations involved in the Arab Israeli conflict *Arafat's War* Efraim Karsh, 2007-12-01 A noted historian analyzes Yasser Arafat s role in destabilizing the Middle East in a book praised as eye opening and exhaustively researched New York Post Offering the first comprehensive account of the collapse of the most promising peace process between Israel and the Palestinians historian Efraim Karsh details Arafat s efforts since the historic Oslo Accords in building an extensive terrorist infrastructure his failure to disarm the extremist groups Hamas and Islamic Jihad and the Palestinian Authority s systematic efforts to indoctrinate hate and contempt for the Israeli people through rumor and religious zealotry Arafat has irrevocably altered the Middle East s political landscape and the ongoing Israeli Palestinian conflict will always be Arafat s war **Israel/Palestine and the Politics of a Two-State Solution** Thomas G. Mitchell, 2013-05-27 This is a dispassionate examination of the viability of a two state solution in the Israeli Palestinian conflict based on the politics of Israel Palestine and the United States It includes instructive case studies from South Africa in Namibia and the Irish claim to Northern Ireland The results of Israeli elections from 2001 to 2013 are analyzed with the conclusion that the Likud will be in any government coalition for at least the midterm future giving it a veto over policy A chapter examining the history and ideology of the secular right over the last 90 years follows There are three chapters of case studies the Likud withdrawal from the Sinai in 1979 1982 and from Gaza in 2005 the withdrawal of South Africa from Namibia in 1988 1989 and the dropping of Ireland s constitutional claim to Northern Ireland in 1998 under a Fianna Fail government the same party that wrote the constitution in 1937 A chapter examines Palestinian politics since the mandatory era and another the American Israeli alliance and American politics A concluding chapter draws lessons from the case studies and the analysis Palestinians in Jordan Luisa Gandolfo, 2012-10-23 60 per cent of Jordanians are of Palestinian origin a statistic which has propelled Jordan into the role of both player and pawn in regional issues such as the birth of the state of Israel the prolonged Israel Palestine conflict the ascent and decline of Arab nationalism and the subsequent rise of political Islam and radicalism Exploring Jordan s diverse Palestinian communities Luisa Gandolfo illustrates how the Palestinian majority has been subject to discrimination all the while also playing a defining role in shaping Jordanian politics legal frameworks and national identity The conflicts of 1948 and 1967 the civil unrest following Black September in 1972 and the uprisings of 1988 and 2000 have all contributed to a fractious Jordanian Palestinian relationship In *Palestinians in Jordan* Gandolfo examines the history of this relationship looking at the socio political circumstances the economic and domestic policies the legal status of Palestinians in Jordan and the security dimension of Jordan s role in the region She argues that policies put in place over the last century have created a society that is marked by high levels of inter

faith cohesion as evidenced by the success and integration of minority Christian communities She goes on to suggest that society divides along lines of ethnic and nationalist loyalty between Jordanians and Palestinians while domestic politics become increasingly fractious with the growth of Islamist groups that have gained grassroots appeal especially in the refugee camps Palestinians in Jordan looks through the kaleidoscope of Palestinian Jordanian identities that accommodate a complex and overlapping web of different religious affiliations mixed socio economic conditions and the experience of exile reconciled with daily life in Jordan At the same time identities of these communities continue to be rooted in an attachment to the concept of Palestine and the unifying force of the struggle against Zionism These layers have made the versatile and fluid nature of identities essential affording a fascinating study in inter communal dynamics and nationalism It is this which makes Palestinians in Jordan an important resource for those researching the Israel Palestine conflict as well as for students of the Middle East Politics Anthropology and Gender with an interest in identity

The Hidden Hand Daniel Pipes, 1998 A noted Middle East specialist looks at conspiracy theories and the way they control life and politics in the region

The SAGE Encyclopedia of Terrorism, Second Edition Gus Martin, 2011-06-15 Six years after publication of the first edition of the best selling Encyclopedia of Terrorism much has changed on the national security scene Despite the dark promises of Osama bin Laden following the 9 11 attacks the United States has not experienced any major domestic terror incidents Al Qaeda itself is believed to be a severely crippled organization But while U S wars in Afghanistan and Iraq not to mention the arrival of the Obama administration a new balance of power within Congress and an increasingly fragile economic picture have significantly affected the national security picture the threat of economic chaos and massive loss of life due to terror attacks has not abated Indeed in July 2008 analysts pointed out that even a relatively small terrorist organization could present a dire threat with some experts arguing that a biological chemical or even nuclear attack on a major U S city is all but inevitable In this highly charged rapidly shifting environment we are pleased to present the The SAGE Encyclopedia of Terrorism Second Edition a thoroughly updated and expanded edition of the original highly regarded reference work Nearly 100 000 words of new material will be added along with fully updated original entries and expanded coverage New introductory essays will explore the impact of terrorism on economics public health religion and even pop culture Ethical issues such as the role of torture in interrogations competing notions of security versus liberty and the debates over FISA legislation and Guantanamo Bay will also be covered Two dozen entries on significant recent events such as the London bombings Chechen attacks on Russian interests and the rescue of Ingrid Bettancourt and some 60 additional new entries will restore the work as an up to the minute natural first stop for researchers

Encyclopedia of the Palestinians Philip Mattar, 2005 Presents the history of modern Palestine and biographies of important Palestinians

The Real World of Democratic Theory Ian Shapiro, 2010-11-22 In this book Ian Shapiro develops and extends arguments that have established him as one of today s leading democratic theorists Shapiro is hardheaded about the realities of politics and power and the

difficulties of fighting injustice and oppression Yet he makes a compelling case that democracy's legitimacy depends on pressing it into the service of resisting domination and that democratic theorists must rise to the occasion of fashioning the necessary tools That vital agenda motivates the arguments of this book Tracing modern democracy's roots to John Locke and the American founders Shapiro shows that they saw more deeply into the dynamics of democratic politics than have many of their successors Drawing on Lockean and Madisonian insights Shapiro evaluates democracy's changing global fortunes over the past two decades He also shows how elusive democracy can be by exploring the contrast between its successful establishment in South Africa and its failures elsewhere particularly the Middle East Shapiro spells out the implications of his account for long standing debates about public opinion judicial review abortion and inherited wealth as well as more recent preoccupations with globalization national security and international terrorism Scholars students and democratic activists will all learn from Shapiro's trenchant account of democracy's foundations its history and its contemporary challenges They will also find his distinctive democratic vision both illuminating and appealing

A History of the Arab-Israeli Conflict

Ian J. Bickerton, Carla L. Klausner, 2022-07-05 Comprehensive and analytical A History of the Arab Israeli Conflict presents a balanced and impartial overview of this centuries old struggle Taking a clear and chronological approach to this complex subject and placing events in the context of their longer term histories Ian J Bickerton and Carla L Klausner examine the issues and themes that have characterized and defined the conflict over the course of its history bringing the coverage up to date with a twenty first century perspective Starting in the nineteenth century the book moves through the British Mandate World War II and the proclamation of the state of Israel the widening and deepening conflict and attempts at a peace process the impacts of 9 11 and the Arab Spring and finally it discusses events to the end of 2021 In a completely revised Conclusion the authors examine how we interpret many of the startling rapidly changing and somewhat unpredictable events of the last five years Illustrated throughout with numerous photographs updated maps tables and chronologies for each chapter together with extensive relevant and up to date documentary sources further reading and a glossary of key terms it is the ideal textbook for all students of the history of the modern Middle East

Terrorism Randall D. Law, 2013-04-26

Terrorism is one of the forces defining our age but it has also been around since some of the earliest civilizations This one of a kind study of the history of terrorism from ancient Assyria to the post 9 11 War on Terror puts terrorism into broad historical political religious and social context The book leads the reader through the shifting understandings and definitions of terrorism through the ages and its continuous development of themes allows for a fuller understanding of the uses of and responses to terrorism The study of terrorism is constantly growing and ever changing In Terrorism A History Randall Law gives students and general readers access to this rich field through the most up to date research combined with a much needed long range historical perspective He extensively covers jihadism the Israeli Palestinian conflict Northern Ireland and the Ku Klux Klan plus lesser known movements in Uruguay Algeria and even the pre modern uses of terror in ancient Rome

medieval Europe and the French Revolution among other topics
