A Journeyman In Bohemia:

A Journeyman in Bohemia Chip Martin, 1997-01-01

Aristocrats and the Crowd in the Revolutionary Year 1848

Josef V. Polisensky, 2015-07-29 The Prague Uprising of 1848 was part of the powerful series of revolutions that shook practically the entire European Continent as the middle classes and urban and rural workers pressed against the rule of aristocrats and monarchs. Czech Marxist historian Josef Polisensky analyzes the general turmoil of revolutionary thought and action in Europe and then focuses on the specific case of the Prague Uprising. By using previously untouched sources, the records of hundreds of noble houses that came under the control of the Czech Archival Administration after World War II, Polisensky is able to show how those of the old social establishment fought the participants in the Uprising and temporarily restored the rule of the aristocracy. With an excellent sense for the dramatic and a thorough knowledge of place, Polisensky tells us who fought and died on the streets of Prague. With the conceptual framework of class conflict and a broad perspective on European events, he proposes reasons for the failure of the Prague Uprising in contrast to other successful revolutions. *Aristocrats and the Crowd* is the last of Polisensky's trilogy of studies on Czech society and revolution. In *The Thirty Years War* and *The European Crisis of the Seventeenth Century*, and *Napoleon and the Heart of Europe*, Polisensky explored the effects of other European conflicts on Czech society. *Aristocrats and the Crowd* describes in his words the revolutionary springtime which eventually arrived full of twists in Bohemia itself.

A School of London Chip Martin, 2011 American abroad glow of Europe at a distance. London in the foreground, a background of not quite settled Englishness. It is a mix as familiar as a scenario by Henry James or a pop song from an forgotten yesterday. In this triptych of the closing years of the 20th century, a world of bohemianism comes to life again: its dreams of glory, its subtle conflicts, its disintegrating passions, heedless ambitions, and slouching towards evanescent spirituality. The story is never straight reportage. The atmosphere is heightened at times, almost fantastic. Conversations are glancing and elliptical, suggesting more than is spoken. People change partners and their perception of each other like characters in *A Midsummer Night's Dream*. But the world it portrays is wholly convincing within its terms of reference, and one is caught up in its dramas. From the first, Linda Kelly Martin's work is imbued with an awareness of the difficulty of living a bohemian life in contemporary Europe, and the difficulty becomes his subject. Love, the biggest culprit, raises the spectre of bourgeois domesticity as often as it holds the promise of freedom. *Times Literary Supplement*

The Story of My Life František J.

Vlček, 2004 *The Story of My Life*, originally published in Czechoslovakia in 1928, is the engaging and informative autobiography of Frank Vlček, a Czech immigrant who became a successful businessman in Cleveland, Ohio, during the late nineteenth and early twentieth centuries. The youngest of fourteen children, Vlček was born to peasant parents in Budyn, southern Bohemia, in 1871. After attempting a career in blacksmithing in Bohemia at the age of seventeen, he decided to follow his two older sisters to Cleveland, home to America's second largest Czech community. Vlček worked a variety of

unsatisfactory jobs during his first years in Cleveland In 1895 he opened his own smithing operation which after a long struggle was transformed into a successful corporation that specialized in the manufacture of toolkits for automobiles acquisitions and the successes and travails of his operation Vlcek was often able to travel home to Czechoslovakia and during those trips he noted the different cultural and political attitudes that had evolved between Czechs and their Czech American cousins Vlcek s memoir provides a rare primary source about Czech immigrants It also offers insight into a self made man s life philosophy illustrates relations between ethnic groups in Cleveland during the 1880s and demonstrates the assimilation of a late nineteenth century immigrant in America Readers interested in immigration history as well as the history of Cleveland will enjoy this fascinating autobiography **Yivo Annual of Jewish Social Science** Yivo Institute for Jewish Research, Yidisher yisnshaftlekher instițuț, 1957 Encyclopedia of Bohemian and Czech-American Biography Miloslav Rechcigl Jr., 2016-11-10 As the Czech ambassador to the United States H E Petr Gandalovic noted in his foreword to this book that Mla Rechcigl has written a monumental work representing a culmination of his life achievement as a historian of Czech America The Encyclopedia of Bohemian and Czech American Biography is a unique and unparalleled publication The enormity of this undertaking is reflected in the fact that it covers a universe starting a few decades after the discovery of the New World through the escapades and significant contributions of Bohemian Jesuits and Moravian brethren in the seventeenth and eighteenth centuries the mass migration of the Czechs after the revolutionary year of 1848 and up to the early years of the twentieth century and the influx of refugees from Nazism and communism The encyclopedia has been planned as a representative a comprehensive and authoritative reference tool encompassing over 7 500 biographies This prodigious and unparalleled encyclopedic vade mecum reflecting enduring contributions of notable Americans with Czech roots is not only an invaluable tool for all researchers and students of Czech American history but is also a carte blanche for the Czech Republic which considers Czech Americans as their own and as a part of its magnificent cultural history

Memoirs of Milwaukee County Jerome Anthony Watrous, 1909 **Migration, Mobility and Modernization** David J. Siddle, 2000-01-01 For almost a hundred years the academic study of migration concentrated on evolving standardised models of migration behaviour based on data from censuses or the registration of births marriages and deaths More recently it has been realised that such models fail to take into account the decision making behind migration and that better understanding will come from study of the behaviour of individuals as well as aggregate numbers In this book the imaginative use of alternative sources DS for example apprentice books guild and craft records legal and court documents diaries and biographies DS gives fresh insights into the processes of movement to reveal much more complex circulatory behaviour than the standard models derived from census and registration sources alone have suggested The first chapter confronts the issue of rural mobility in post famine Ireland and is followed by a study centred on Alpine rural families which built impressive networks across pre industrial Western Europe Two chapters focus on the particular characteristics of

worker groups mining families of south Lancashire during the period of rapid increase in coal production in the eighteenth century and the organised mobility of skilled labour in nineteenth century central Europe Next an imaginative and rigorous deployment of the techniques of family reconstruction and record linkage embracing a variety of sources vital event registers wills port books apprentice records teases out the migration histories of those who settled in eighteenth century Liverpool There are two chapters on female migrant behaviour drawing attention in the case of eighteenth century Rheims to the opportunities and restrictions on the life of migrant women at different points in their lifecycles and showing how poor women struggled to survive in nineteenth century Dublin The final chapter uses family histories assembled by numerous genealogists and family historians to challenge the orthodox view of direct stepwise migration from a smaller to a larger town in the urban hierarchy
