Gail S. Altman

Beethoven A Man Of His Word:

Beethoven, Man of His Word Gail S. Altman, 1996 Ludwig van Beethoven one of the world's greatest composers died on March 26 1827 Until now his dying wish that his memory and honor remain untarnished has never been fulfilled Book jacket *Beethoven and His World* H. P. Clive, 2001 Following the author's acclaimed biographical dictionaries on Schubert and Mozart *Beethoven and His World* offers an extremely comprehensive and up to date survey of the composer's relations with a multitude of persons with whom he associated on a personal or professional basis relatives friends acquaintances librettists poets publishers artists patrons and musicians With more than 450 entries the dictionary is the result of a wide ranging examination of primary and secondary sources and critically assesses the use which scholars have made of the considerable documentation now available In particular there are numerous references to Beethoven's correspondence and conversation books which have recently been published in excellent new editions The book places the composer and his music in a fuller context and a wider perspective than might be possible in a traditional biography it will appeal to all music lovers both the scholar and the non specialist alike **Beethoven's Letters** Ludwig van Beethoven, Alfred Christlieb Kalischer, 1909 *Beethoven* Lewis Lockwood, 2013-05-06 An authoritative work offering a fresh look at Beethoven's life career and milieu *Magisterial* New York Review of Books This brilliant portrayal weaves Beethoven's musical and biographical stories into their historical and artistic contexts Lewis Lockwood sketches the turbulent personal historical political and cultural frameworks in which Beethoven worked and examines their effects on his music The result is that rarest of achievements a profoundly humane work of scholarship that will or at least should appeal to specialists and generalists in equal measure Terry Teachout Commentary Finalist for the Pulitzer Prize Lewis Lockwood has written a biography of Beethoven in which the hours that Beethoven spent writing music that is his methods of working his interest in contemporary and past composers the development of his musical intentions and ideals his inner musical life in short have been properly integrated with the external events of his career The book is invaluable Charles Rosen Lockwood writes with poetry and clarity a rare combination I especially enjoyed the connection that he makes between the works of Beethoven and the social and political context of their creation we feel closer to Beethoven the man without losing our wonder at his genius Emanuel Ax The magnum opus of an illustrious Beethoven scholar From now on we will all turn to Lockwood's *Beethoven The Music and the Life* for insight and instruction Maynard Solomon This is truly the Beethoven biography for the intelligent reader Lewis Lockwood speaks in his preface of writing on Beethoven's works at a highly accessible descriptive level But he goes beyond that His discussion of the music based on a deep knowledge of its context and the composition processes behind it explains elucidates and is not afraid to evaluate while the biographical chapters clearly and unfussily written and taking full account of the newest thinking on Beethoven align closely with the musical discussion The result is a deeply perceptive book that comes as close as can be to presenting the man and the music as a unity Stanley Sadie editor The New Grove Dictionary

of Music and Musicians Impressive for both its scholarship and its fresh insights this landmark work fully accessible to the interested amateur immediately takes its place among the essential references on this composer and his music Bob Goldfarb KUSC FM 91.5 Lockwood writes like an angel lucid enthusiastic stirring and enlightening Beethoven has found his ablest interpreter Jonathan Keates The Spectator There is no better survey of Beethoven's compositions for a wide audience Michael Kimmelman The New York Times Book Review

Beethoven's Immortal Beloved Stefan Roman, 2024-06-17 The day after Beethoven's death on March 26 1827 his friends found in a secret drawer of his desk together with his will and two miniature portraits of two young women a ten page letter dated July 6 in the morning that began with the intriguing incantation My angel my all myself It included no address and no name of the addressee except for the now famous my immortal beloved hyperbole containing passionate declarations of love and was signed L forever yours forever mine forever us Thus was born a biographical mystery of the artistic canon of the Western World second only in tantalizing appeal to the identity of the person signing as William Shakespeare Two hundred years later biographers still have not come to a consensus on the mystery Of the many candidates advanced in the meantime only a few have survived in biographical literature Stefan Roman's book brings the controversy to a close It clarifies the existing evidence that has often been muddled and at times reached the absurd during almost two centuries of scholarly speculations He also adds some new insights into the analysis of the evidence thus making it easier for readers to draw their own conclusions hopefully not different from his namely that only one of the candidates proposed so far fits the evidence He also provides a substantially modified scenario from the one advanced by her proponents Born in Romania during WWII and immigrated to the U S A in 1989 Stefan Roman is not a musician nor a musicologist He is an engineer by formation a man of exactitude and clear and logical thinking qualities that served him thoroughly when he became an amateur Beethoven scholar A long time member of American Beethoven Society and of its French counterpart Association Beethoven France et Francophonie he has published in their professional journals bringing valuable contributions to understanding Beethoven's life and creation His Ending the Fifth article answered a question that had puzzled musicians scholars and music lovers alike for two hundred years why does Beethoven's Fifth Symphony end with that apparently interminable series of C major chords He took up the pen by force of circumstance for his Beethoven's Immortal Beloved when he realized that all the proposed solutions to the mystery relied on wild speculation and sometimes even falsifying the existing evidence
