Before They Were Men:

Before They Were Men Jacob Tobia, 2025-08-26 Gender nonconforming thought leader and bestselling author Jacob Tobia offers a paradigm shifting argument for fundamentally reframing how we think about men A reckoning a manifesto a wellspring of curiosity and an invitation to consider better ways of imagining masculinity Amanda Montell New York Times bestselling author of *The Age of Magical Overthinking* Cultish and Wordslut The conversation about masculinity patriarchy and misogyny has never been so prominent or heated Alarmed by a new generation of angry broken young men genderqueer writer Jacob Tobia sets out to explore what's going on and comes to a shocking conclusion Emotionally and spiritually speaking men and boys may be the ones suffering the most under the gender binary right now Tobia should know For their gender defying adolescent heart the nonconsensual process of being made a man was crushing After spending a lifetime fleeing manhood and masculinity they dare to ask the question What happens if we stop understanding men as categorical beneficiaries of patriarchal institutions and start understanding them for what they are co survivors of patriarchy itself In a series of personal and revolutionary essays *Before They Were Men* argues that we must rewire much of our framework of feminism Through this much needed nonbinary intervention into a two sided discourse gone stale Tobia boldly posits compassion and empathy as the forces that will lead men and us all to a brighter future Urgent surprising and counterintuitive their book covers topics such as the unspoken body image issues and dysmorphia confronting men and boys the difficulty of challenging a world that glorifies war aggression and the violence of men the case for rethinking and ultimately retiring counterproductive terms like toxic masculinity and male privilege From exploring the abuse endured by men in the name of gender norms to addressing the myriad failures of feminist discourse in grappling with men's suffering this book calls everyone men women and nonbinary people alike back to the table
