Begin The Haunted Prophet:

Begin Eric Silver, 1984 Traces Begin's life from its beginning in the East European ghetto to the office of Israel's Prime Minister

A History of Israel Howard M. Sachar, 2013-07-31 First published in 1976 Howard M. Sachar's A History of Israel From the Rise of Zionism to Our Time was regarded one of the most valuable works available detailing the history of this still relatively young country. Decades later, readers can again be immersed in this monumental work. The second edition of this volume covers topics such as the first of the Aliyahs in the 1880s, the rise of Jewish nationalism, the beginning of the political Zionist movement, and later how the movement changed after Theodor Herzl, the Balfour Declaration, the factors that led to the Arab-Jewish confrontation in Palestine, and its role both during the Second World War and after the war of independence, and the many wars that followed it over the next few decades, and the development of the Israeli republic and the many challenges it faced both domestically and foreign, and still faces today. This is a truly enriching and exhaustive history of a nation that holds claim to one of the most complicated and controversial histories in the world.

Aging and Political Leadership Angus McIntyre, 1988-01-01 The final part of this book takes an in-depth look at Ronald Reagan. His advanced age is not unusual in a political leader. Other heads of government in the post-war world have been as old as or even older than he when they held office, for example Churchill, Chiang Kai-shek, Nehru, Salazar, De Gaulle, Kenyatta, Tito, Mao Zedong, Adenauer, and Ulbricht. The large number of names gives the impression that contemporary leadership is gerontocracy. The book is divided into three sections. The first two examine middle age and old age, with each section offering numerous case studies from a variety of countries.

Zion's Dilemmas Charles D. Freilich, 2012-10-05 In Zion's Dilemmas, a former deputy national security advisor to the State of Israel, details the history and in many cases the chronic inadequacies in the making of Israeli national security policy. Chuck Freilich identifies profound ongoing problems that he ascribes to a series of factors: a hostile and highly volatile regional environment, Israel's proportional representation electoral system, and structural peculiarities of the Israeli government and bureaucracy. Freilich uses his insider understanding and substantial archival and interview research to describe how Israel has made strategic decisions and to present a first of its kind model of national security decision making in Israel. He analyzes the major events of the last thirty years, from Camp David I to the 1982 invasion of Lebanon through Camp David II, the Gaza Disengagement Plan of 2000, and the second Lebanon war of 2006. In these and other cases, he identifies opportunities forgone, failures that resulted from a flawed decision-making process, and the entanglement of Israeli leaders in an inconsistent, highly politicized, and sometimes improvisational planning process. The cabinet is dysfunctional, and Israel does not have an effective statutory forum for its decision making, most of which is thus conducted in informal settings. In many cases, policy objectives and options are poorly formulated. For all these problems, however, the Israeli decision-making process does have some strengths: among them, the ability to make rapid and flexible responses, generally pragmatic decision making, effective planning within the defense establishment, and the skills and

motivation of those involved Freilich concludes with cogent and timely recommendations for reform Facing a Holocaust David Engel, 2016-08-01 Engel's study will be the definitive statement on one dimension of a very complex problem the relations between Jews and their countrymen in occupied Poland Central European History A superb piece of scholarship that is impeccably researched and most elegantly written as well Jan T Gross New York University Within this book Engel concludes his exploration of the Polish government in exile's shifting responses toward the plight of European Jews during the Second World War He focuses on the years 1943-45 the critical period after the free world became fully aware of Nazi Germany's plan to destroy the Jews and shows that the Polish government in exile with its vast underground organization was a prime target of Jewish rescue appeals This book is the sequel to Engel's *In the Shadow of Auschwitz* published in 1987 Originally published in 1993 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **Arab and Jew** David K. Shipler, 2015-11-10 WINNER OF THE PULITZER PRIZE A rich penetrating and moving portrayal of Arab Jewish hostility told in human terms Newsday Now expanded and updated The best and most comprehensive work there is in the English language on this subject The New York Times In this monumental work extensively researched and more relevant than ever David Shipler delves into the origins of the prejudices that exist between Jews and Arabs that have been intensified by war terrorism and nationalism Focusing on the diverse cultures that exist side by side in Israel and Palestine Shipler examines the process of indoctrination that begins in schools he discusses the effects of socioeconomic differences the clashes of Israeli and Palestinian historical narratives religious conflicts between Islam and Judaism views of the Holocaust and much more And he writes of the people the Arab woman in love with a Jew the retired Israeli military officer now disillusioned the Palestinian militant devoted to violent means the Israeli and Palestinian schoolchildren who reach across the divides in search of reconciliation Their stories and the hundreds of others reflect not only the reality of wounded spirits but also the healing inside minds necessary for eventual coexistence in the promised land

Professionals against Populism Michael Keren, 2012-02-01 This book based on Shimon Peres's private papers tells the unusual story of the Peres government of 1984-1986 in Israel It is the story of an unpopular politician demonized by his political enemies who operates under great time restraints to manage a pluralistic democracy losing ground to enchanted masses in public squares Lacking support from his own national unity government Peres reverted to his old time alliance with Israel's technocrats in his combat against populism Michael Keren analyzes the role of legal professionals strategic experts and economists in the three main events of the Peres era the scandal over the killing of two Arab terrorists by the General Security Service the efforts to renew the peace process in the Middle East after the Lebanon war and the economic stabilization program of 1985 This analysis illumines Israel's hitherto unexplored technocratic stratum and its ongoing

struggle over Israel's nature as an advanced industrial state This stratum the author contends has been the moving force behind the construction of the nuclear reactor in Dimona in the 1960s the combat against populism in the 1980s and the Israeli Palestinian peace process of today

Israel/Palestine and the Politics of a Two-State Solution Thomas G. Mitchell, 2013-05-21 This is a dispassionate examination of the viability of a two state solution in the Israeli Palestinian conflict based on the politics of Israel Palestine and the United States It includes instructive case studies from South Africa in Namibia and the Irish claim to Northern Ireland The results of Israeli elections from 2001 to 2013 are analyzed with the conclusion that the Likud will be in any government coalition for at least the midterm future giving it a veto over policy A chapter examining the history and ideology of the secular right over the last 90 years follows There are three chapters of case studies the Likud withdrawal from the Sinai in 1979 1982 and from Gaza in 2005 the withdrawal of South Africa from Namibia in 1988 1989 and the dropping of Ireland's constitutional claim to Northern Ireland in 1998 under a Fianna Fail government the same party that wrote the constitution in 1937 A chapter examines Palestinian politics since the mandatory era and another the American Israeli alliance and American politics A concluding chapter draws lessons from the case studies and the analysis
