Before the Revolution Kyril FitzLyon, Tatiana Browning, 1982-12 Russia in the Age of Modernisation and Revolution 1881 - 1917 H. Rogger, 2014-07-30 Hans Rogger's study of Russia under the last two Tsars takes as its starting point what the Russians themselves saw as the central issue confronting their nation the relationship between state and society and its effects on politics economics and class in these critical years *The Cambridge Companion to Chekhov* Vera Gottlieb, Paul Allain, 2000-11-04 This volume of specially commissioned essays explores the world of Anton Chekhov one of the most important dramatists in the repertoire and the creation performance and interpretation of his works The Companion first published in 2000 begins with an examination of Chekhov's life his Russia and the original productions of his plays at the Moscow Art Theatre Later film versions and adaptations of Chekhov's works are analysed with valuable insights also offered on acting Chekhov by Ian McKellen and directing Chekhov by Trevor Nunn and Leonid Heifetz The volume also provides essays on special topics such as Chekhov as writer Chekhov and women and the Chekhov comedies and stories Key plays such as *The Cherry Orchard* and *The Seagull* receive dedicated chapters while lesser known works and genres are also brought to light The volume concludes with appendices of primary sources lists of works and a select bibliography Russia Under the Last Tsar Theofanis G. Stavrou, 1969 The reign of Russia's last tsar Nicholas II from 1894 to 1917 constitutes a period of continuing controversy among historians Interesting in its own right it is also a time of great importance to an understanding of the cataclysmic events which follow **Russia and Eastern Europe, 1789-1985** Raymond Pearson, 1989

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature *The Russian Revolution and Civil War 1917-1921* offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state

The Course of Russian History, 5th Edition Melvin C. Wren, Taylor Stults, 2009-01-08 Now in its fifth edition this definitive history of the Russian land and people builds on its success as a fascinating survey of two thousand years of struggle to harness vast resources and talents into a powerful and cohesive nation From its beginning as a savage and exotic land Russia underwent a complex evolution of political social and religious forces the barbarism of its internal conflicts in seeming contradiction with its goals to advance in the realms of technology art education and high culture From the conflicts of the fantastically wealthy ruling class to the poor and oppressed masses emerged the Communist party and the enigmatic figures

whose charismatic manipulation of political power reflected the myriad rulers before them Finally as the modern world watched this great entity collapsed in a devastatingly brief time millennia of precarious conflict proving too much for the tenuous coalescence of twentieth century politics Written in an engaging and accessible style this text presents students with a comprehensive look at the momentous events and legendary figures which helped shape Russia s turbulent history The Costume Designer's Handbook Rosemary Ingham,Liz Covey,2024-03-27 The Costume Designer s Handbook is the definitive guide for both aspiring and seasoned costume designers blending the art and business of theatrical costume design since its inception in 1983 Rosemary Ingham and Liz Covey offer deep insights into play analysis historical research collaboration techniques drafting and setting up an effective workspace The book addresses the practicalities of the industry including job market navigation freelancing contracts and taxes With over 150 illustrations an 8 page color insert and a comprehensive reference section for resources this handbook encapsulates the essence of costume design making it an indispensable resource for professionals in the field Triumph of Provocation Józef Mackiewicz,2009-07-28 This political treatise examines the history and nature of Communism as it developed in the Soviet Union and in Poland The author argues that accommodation with the Communists simply helped them to impose their vision of the world and pursue their goal of global domination *Beyond the Samovar* Janet Hancock,2019-03-06 Beyond the Samovar is a gripping engaging story of escape love and loss In 1919 a young English couple Livvy and Peter leave Baku which the previous year had become the capital of an independent Azerbaijan While Livvy is reluctant to leave her home Peter sees no future for Britons in the new country and treats their escape as an adventure With their baby they bluff and bribe their way across Bolshevik and White Russian territory to Archangel on the north coast of Russia hoping to board a British ship Only two of them ever manage to reach home About the Author Born in Worcestershire Janet Hancock has lived in Dorset since 1991 For many years she taught English in the south of England to Arab and African officers The germ of Beyond the Samovar was a newspaper reference to an unnamed Englishwoman caught up in the 1917 revolution in Baku which at that time was in Russia Janet enjoys choral singing and cultivating her courtyard garden
