Begin Backgammon:

Begin Backgammon J. du C. Vere Molyneux, 1984 *Beginning Chess Play* Bill Robertie, Targeted for beginning and novice players this step by step approach uses more than a hundred actual chess diagrams to bring out the excitement of chess and show you an easy method of learning and playing You learn the basic principles of opening middle and end game strategies development and pawn structure different ways to checkmate opponents and the important openings and defenses You ll also learn how to join a chess club use a chess clock get rated enter tournaments and use notation to both record your own games and play back others Two completely annotated games show you how strategic thinking is used in an actual game More than 100 000 books sold 168 pages **The Absence** Budgie, 2025-07-17 As a member of Big in Japan The Slits and most famously Siouxsie and the Banshees and The Creatures Budgie was an era defining drummer in the much mythologised post punk scene of the late 1970s and early 1980s But before he was Budgie Peter Clarke was a boy growing up in working class St Helens in the 1960s The loss of his mum at a young age created the absence that haunts the pages of this book As a teenager disenchanted with art school in Liverpool Peter became Budgie and befriended the likes of Jayne Casey Pete Burns and other luminaries of the legendary Eric s Club before taking off for London and the big city heat of punk Budgie s unique technique and musical sensitivity endeared him to the all female group The Slits who asked him to play on their debut album Cut Subsequent touring with former members of the Sex Pistols and others from the post punk aristocracy firmly established Budgie s reputation for innovation But the beating heart of this at times painfully honest account of a life often sabotaged is of course his long term position as Siouxsie and the Banshees drummer and co writer alongside his ex wife Siouxsie Sioux Their creative partnership produced some of the most seductive and celebrated pop music of the decade Eventually their personal relationship started to fall apart with inevitable consequences for both bands The Absence is bravely unflinching in its dissection of how and why this happened and powerfully moving in its account of the angels that emerged to heal both these wounds and those of a mother s lost love A man and musician whose creativity and singular style came to define the goth pop 1980s Budgie s life is both fabulously glamorous and a cautionary tale For the first time the story of the era s most exalted and mysterious bands has been told by one who survived inside the belly of the beast *Epigrams from the Anthologia Latina* , 2013-11-06 This new scholarly edition consists of the Latin text with translation and detailed commentary of a sequence of epigrams from the Anthologia Latina Shackleton Bailey 78 188 The introduction discusses whether these epigrams constitute a unified collection and are the work of a single author examines their likely date and place of composition which it is argued is North Africa under Vandal rule and sets them in their cultural context The line by line commentary covers issues of literary linguistic and historical significance Although text and interpretation of these pieces present frequent difficulties the author confirms that they make up a fascinating collection of considerable importance and merit contrary to the low reputation generally associated with the Anthologia Latina The book will be of great interest to

students of Latin literature and language in general the epigram tradition in particular and the culture of Vandal Africa
