Beginning And End:

Fifteen Lectures On Traditional Chinese Culture Peng-cheng Kung, 2022-01-10 This book is edited based on a series of lectures on Chinese cultural history delivered at the Peking University in 2004. It stands out with its distinctive methodology and unique stand and is popular with readers with 17 reprints for the Chinese edition since 2006. Before the 1980s traditional culture was often the target of criticisms and put in a negative light in China. After the 1980s due to the belief that traditional culture can contribute to modernization people decided to take its essence and discard its dregs. As of today most books on this theme have been written in accordance with this principle. However in this book the author argues that many problems have emerged from the modernization of the Western society and thus the need for reflection and re-examining Traditional Chinese culture is a source for comparison and reflection. As such when we discuss traditional culture nowadays not only should we excavate its long hidden meanings but we should also develop contrastive resources to facilitate our collaborative development in future. The discussions in this book adopt a vertical structure that begins with how Chinese define a human followed by topics on the human body Qi food male and female home and state the relationship between heaven and human beings ritual systems historical consciousness thinking patterns the art of expressing sentiments commitments to the politics of virtues and achievements and cultural practices. In every chapter there is also a horizontal method of comparison on Chinese Western and Indian cultures to foreground the particularities and advantages of the Chinese culture. Apart from elaborating on the major characteristics of traditional Chinese culture there is also a discussion on how the modern disdain for and misunderstandings of the traditional culture originated from the West. The author also elaborates on Montesquieu's views of China and the various misconceptions and misunderstandings of the traditional Chinese legal systems. Finally it ends with the author's thoughts on the revitalization of the Chinese civilization.

Beginning's End Series Box Set Books #1-3 W. J. May, USA Today Bestselling author W J May brings you the story of how the prophecies began before Evie before Katerina starting from the very beginning. The Beginning's End Series is a prequel and continuation of the bestselling YA NA series about love betrayal magic and fantasy. Welcome to W J May's world of paranormal full of shifters fae fairy witches dragons dark magic and did I mention the vampires. Book 1 Beginnings You've read the ending but there is a beginning to every story. Centuries before the creation of the five kingdoms when the great houses were still forming and the realm was ruled by fae a small band of companions set out on a journey. Kiera had never left her village. It was a stroke of luck that she wasn't there when the dragon attacked. Without any friends or family without a shred of hope that anyone might believe her she strikes off alone into the forest looking for people that can help. The world is new and untamed. The people are leaderless and wild. There has never been an alliance to unite them but an alliance is exactly what the realm needs. Because a darkness is coming. One that threatens to consume them all. Book 2 Curiosity Life's a game of chance. When Kiera's village was destroyed by a three headed dragon she thought her biggest problem was going to be getting people to believe her story.

Little did she know the dragon was going to be the least of her troubles After finding the proof they needed in the charred remains of Cattaling the three friends set out on a journey across the realm to find the answers that they seek But the road is often perilous and filled with creatures that would kill them just as easily as a dragon When the bonds between them are tested they re found to be new easy to splinter and break The journey seems endless and time is not on their side It s only a matter of time before the creature returns and when it does they need to be ready How does one fight such an enemy Where could it have been hiding all this time Can just three lone companions make a difference Or are the fates simply not on their side Book 3 Scrutiny How do you answer when the devil comes to call When a swarm of monsters crashed out of the forest Kiera thought it would be a struggle just to stay alive But it s not enough to survive one must also defend And as fate would have it there was an ever greater danger lurking in those trees Old enemies surface and ancient grudges come to light as a new player enters the field One that could bring ruin to them all One whose intentions are never quite what they seem The newfound fellowship is shaken to the core but as they are constantly reminded time is not on their side Other places in the realm have felt the burn of the dragon A strange change is coming over the land creeping like a shadow silent as a dream With no kingdoms there to stop it no massing armies to fight back such a darkness could consume them The friends need answers But will they get them in time BEGINNING S END SERIES Beginnings Curiosity Scrutiny Foresight Disavow Trickery Wisdom Decree Influence Prevail Dignified Honored
