Council The Encyclopedia of Applied Developmental Science is an important and timely contribution to this burgeoning field

This four volume set is the authoritative source that encompasses the entire range of concepts and topics involved in the

study of applied developmental science Its contents and levels have broad appeal for those interested in how the application

of knowledge about human development can be used to enhance the lives of individuals families and communities The

breadth of activity in applied developmental science makes adequate representation of its concepts and topics a daunting

challenge To this end the encyclopedia seeks to answer the following questions How may information about this field be

integrated in a manner accessible meaningful and useful to the next generation of the leaders of our nation and world How

may we best convey the knowledge necessary for them to understand the nature of their development and the way that they

may contribute positively to their own lives to their families and communities and to the designed and natural environments

of which they will be stewards The Encyclopedia of Applied Developmental Science provides the most effective way to

address these questions It includes entries written in an authoritative but not overly technical manner by the broad range of

scholars and practitioners involved in applied developmental science In addition to an alphabetical table of contents there is

a readers guide that organizes the entries into 30 content categories to help the reader locate similarly themed entries with

ease The encyclopedia is ideal for libraries serving those with interests in psychology human development human ecology

education sociology family and consumer sciences and nursing as well as social work and other human services disciplines

The entries are written to be accessible to not only professionals but also to policy makers and other potential consumers of

applied developmental science scholarship This includes young people and their parents teachers and counselors Topics
