Tropical Immersion Rogol Ethan Rogol, Ethan Rogol, 2010-04 Everyone knows that Costa Rica is a paradise But how does one find one s way around when streets have no names and houses have no numbers When does one shake hands and when does one kiss one s friends Tropical Immersion is the wry and very personal story of a year in Costa Rica the overland journey there and back and side trips to Nicaragua and Ecuador It details navigating the rough narrow busy Costa Rican sidewalks and learning to see doing so as a sport eating fruit that smells like bodily fluids and discovering that it tastes delicious and learning to respect reckless Mexican bus drivers whose driving could be described by the uninitiated as terrifying by deciphering their clever use of turn signals The book offers a feast for the senses rich earthy aromas warm wind on the skin the bitter taste of dust in the air the sound of birds insects children laughing mothers calling their names and laborers working the land Its focus is not sightseeing but culture diving not ogling or conquest but participation and integration It is part travelogue part cultural primer part memoir part romance and a treatise on the being present wherever one is
