Triumph of Babylon 5 Baz Greenland, 2024-01-12 Babylon 5 revolutionized genre television First aired in 1993 the space opera series is highly respected for everything it was trying to achieve on television at a time when Star Trek was king Its use of story arcs and long form storytelling in science fiction can be felt in everything from Battlestar Galactica to Lost and The Expanse Much of its legacy has been about its struggle to survive From the rivalry with Star Trek Deep Space Nine to the collapse of the Prime Time Entertainment Network the cancellation of spin off series and the failed big screen attempts the behind the scenes details on Babylon 5 are as fascinating as anything we have on screen This work explores the complex history of Babylon 5 the career of showrunner J Michael Straczynski and the behind the scenes drama to stay on the air with many attempts to continue the franchise Featuring interviews with cast members from the podcast A Dream Given Form a lengthy two part interview with Peter Jurasik Londo and a chat with Patricia Tallman Lyta and others this book gives insights into what it was like to be part of Babylon 5 chronicling the show s highs and lows and examining the legacy it left behind in genre television **Babylon 5 Coming of the Shadows** Bruce Graw, Various, 2003-09-17 The Earth year 2258 was set to be

one of new beginnings but instead became a time of exceptional discord The disputes between the Narn and Centauri have steadily escalated as the two age old enemies vie for territory and influence even as the Minbari subtly manipulate the younger races for their own nebulous ends The Vorlons have for the first time appeared to other races on board the Babylon 5 diplomatic station but their motives seem convoluted and beyond the concerns of others Even the Earth Alliance has suffered with the seemingly accidental death of its president and a growing feeling among many that its government has become fragmented with shadowy groups becoming increasingly self serving pursuing secret agendas with worrying consequences Terrorist groups have grown increasingly daring in their activities trying to secure freedom for worlds within the Earth Alliance or keep alien influence far from humanity Times are growing dark for the weak and helpless but it is also fertile ground for opportunists and heroes to leave a permanent mark on the galaxy The Coming of Shadows is a sourcebook

for the Babylon 5 roleplaying game exploring in detail the personalities and events of 2259 Used in conjunction with Chapter 8 of the main rulebook Signs and Portents Games Masters can now accurately extend their campaigns and story arcs beyond 2258 to include the dramatic galaxy shaking events detailed here Every episode of the second season of the Babylon 5 television show is fully covered in The Coming of Shadows along with numerous scenario and campaign hooks that will make it easy to integrate them with ongoing story arcs already unfolding in current games As described in Chapter 9 of the main rulebook Campaigns on Babylon 5 players can witness or even become directly involved in these events engaging in story arcs of their own that may put them at the centre of the galaxy alongside the heroes of the television show This sourcebook also includes the main personalities found on board Babylon 5 updated from those that appeared in the main rulebook in 2258 as well as featuring a few new faces New rules additions equipment and vehicles are also featured expanding the Babylon 5 roleplaying game no matter where or when the Games Master chooses to set his story arcs and campaigns The year 2258 set the scene for players new to the Babylon 5 roleplaying game The Coming of Shadows will elevate games to new levels of passion and excitement as players begin to discover just who the real powers in the galaxy are

Time-Travel Television Sherry Ginn, Gillian I. Leitch, 2015-10-08 Stories of time travel have been part of science fiction since H G Wells sent his nameless hero hurtling into Earth's distant future in The Time Machine Time travel enables the storyteller to depict alternate realities bring fictional characters face to face with historical figures and depict moral and ethical dilemmas in which millions of lives or the world as we know it are at stake From Doctor Who and Quantum Leap to the multiple incarnations of Star Trek time travel has been a staple of science fiction television for more than fifty years Time Travel Television The Past from the Present the Future from the Past surveys the whole range of time travel stories on the small screen The essays in this collection explore time travel series both familiar Babylon 5 Stargate SG 1 and forgotten The Time Tunnel Voyagers as well as time travel themed episodes and arcs in series where it is not central such as Red Dwarf Lost and Heroes Contributors to this volume consider some of the classic themes of time travel stories the promise and peril of fixing the past the chance to experience and choose possible futures and the potential for small changes to have great effects Exploring time travel as a teaching tool as a vehicle for moral lessons and as a background for high adventure this book offers new perspectives on many familiar programs and the first serious study of several unjustly neglected ones Time Travel Television is essential reading for science fiction scholars and fans and for anyone interested in the many ways that television brings the fantastic into viewers' living rooms

grappling with the problems of leadership regardless of their species **Armies of Light and Dark** Peter David, 2000 The Drakh have assaulted Earth with deadly Shadow technology but the worst is yet to come in this stunning continuation of the Babylon 5 epic adventure Centauri Prime has been infiltrated by malevolent allies of the Shadows creatures known as the Drakh While Centauri citizens continue to rebuild their war torn planet their secret masters work feverishly toward one ultimate goal to crush the Interstellar Alliance once and for all As the Drakh carry out their horrific plans Emperor Londo Mollari languishes on his throne a puppet of the Drakh bred keeper an insidious creature that monitors his every thought word and action While the emperor broods the power obsessed Lord Durla an unwitting Drakh pawn follows his own agenda But Drakh control is not absolute Vir Cotto a most unlikely hero has begun a resistance movement and Alliance President John Sheridan has sent his most trusted troubleshooter Michael Garibaldi to investigate Yet this move may prove costly and though the Centauri continue to build a new military machine the Alliance avoids any overt confrontation hoping the problem will go away They're about to discover how wrong they are
