Back Beat:

Backbeat Gangsters Jeffrey Sussman, 2025-04-15 During the early days of rock and roll the mob used every tactic they could from creating their own record labels bribing radio DJs and stacking jukeboxes with their own artists to exploiting and intimidating performers and creating their own black market of bootlegged records to make millions In the 1950s when rock and roll music burst upon the scene the major established record companies thought that the new music was a passing teenage trend but mobsters were there and pounced on the new business opportunity They opened small independent record companies signed ambitious young singers and musicians and produced truckloads of 45 rpm records To make sure that their records would be successful the mob bribed disc jockeys in major cities to play the records and made sure jukeboxes which were already mob controlled were filled to capacity with the new music Whatever it took to gain airtime and repeated plays of their songs the mob made sure it happened *Backbeat Gangsters* includes the stories of the most sinister people who took control of the record business during the early days of rock and roll as well as those of the numerous young performers who were exploited and received threats and beatings instead of the compensation they were promised The Mafia used intimidation and violence to achieve their ends and made millions from denying royalties maintaining copyrights and trademarks bribing DJs and numerous scams like flooding the market with counterfeit records which didn't have the burden of paying royalties In yet another well researched and thorough account Jeffrey Sussman details how the mob was able to infiltrate and control another aspect of American culture with devastating results *Start with the Backbeat* Garinè B. Isassi, 2025-07-30 It is the spring of 1989 in New York City when Jill Dodge a post punk rocker from Texas finally gets her big promotion at Mega Big Records She is thrust into a race to find a gritty urban rapper before the Gangsta trend passes their label by As Jill and her mostly middle class coworkers search for the next big rap star they fluctuate between alliances and rivalries tripping over the stereotypes of race class and musical genre They work to promote their current roster of acts as well as the new rap artist they sign to a contract It turns out he may not be what they expected Full of original lyrics and wit *Start With the Backbeat* is a compelling examination of the nuances of class race and culture in America which are sometimes ridiculously serious *Looking for the Backbeat* Malcolm Hughes, 2008-12-03 Pete's musical genius is his refuge when life with his bullying father and alcoholic mother gets too much But his gift has a flipside that can send him crashing from euphoric highs to the darkest of depressions Terry Barrow provides the lyrics to Pete's tunes And he helps Pete fight the lows After University in Spain they go from strength to strength in the recording studio and on tour But tragedy's never far away in Pete's life It brings them home again unknown in their own country but rich enough to be able to do everything they ever wanted Terry is content to take some time out and Pete seems to have found some peace at last But when Pete sees the Old Camberwell House and learns about its odd history his curiosity quickly turns to obsession convinced that finally he will find his backbeat And Terry wonders if this time he'll be able to save his best friend from the demon that's always been

lurking in the shadows that low too deep to escape *House of Hits* Andy Bradley, Roger Wood, 2010-04-01 Founded in a working class neighborhood in southeast Houston in 1941 Gold Star SugarHill Recording Studios is a major independent studio that has produced a multitude of influential hit records in an astonishingly diverse range of genres Its roster of recorded musicians includes Lightnin Hopkins George Jones Willie Nelson Bobby Blue Bland Junior Parker Clifton Chenier Sir Douglas Quintet 13th Floor Elevators Freddy Fender Kinky Friedman Ray Benson Guy Clark Lucinda Williams Beyonc and Destiny s Child and many many more In *House of Hits* Andy Bradley and Roger Wood chronicle the fascinating history of Gold Star SugarHill telling a story that effectively covers the postwar popular music industry They describe how Houston s lack of zoning ordinances allowed founder Bill Quinn s house studio to grow into a large studio complex just as SugarHill s willingness to transcend musical boundaries transformed it into one of the most storied recording enterprises in America The authors offer behind the scenes accounts of numerous hit recordings spiced with anecdotes from studio insiders and musicians who recorded at SugarHill Bradley and Wood also place significant emphasis on the role of technology in shaping the music and the evolution of the music business They include in depth biographies of regional stars and analysis of the various styles of music they represent as well as a list of all of Gold Star SugarHill s recordings that made the Billboard charts and extensive selected historical discographies of the studio s recordings *Percussion* John Mowitt, 2002-06-07 By emphasizing the specifically percussive articulation of rhythm this study contributes to the elaboration of critical musicology by both challenging its construction of music as essentially harmonic and by extending the interpretive vocabulary of music

Bodhran: Beyond the Basics Bill Woods, 2015-10-07 This is the follow up volume to *Bodhr n the Basics* and is designed for those who want to improve their technique and expand their rhythmic repertoire It contains exercises and solos in 4 4 6 8 3 4 and 9 8 time the 568 one measure exercises are designed to improve a player s technical skill and demonstrate how to use the basic building blocks of rests accents rolls and syncopation to create interesting and varied rhythmic patterns the 64 short solos show how to combine the one measure rhythmic patterns into longer compositions In addition to the exercises and solos there are sections on time signatures counting syncopation playing on the backbeat vocalizing rhythmic patterns developing speed controlling pitch and timbre and playing with both hands Audio CD included **Rock in the Musical**
