Backhand An Anna Lee Mystery:

Backhand Liza Cody, 1992-12 The award winning author of *Dupe* offers a mystery filled with spare prose lively dialogue and a beautiful sense of time and place Sara Paretsky featuring street smart tart tongued English P I Anna Lee On the trail of some stolen sweater designs Anna winds up in the Florida Keys where a mob style execution and a drugged teenaged runaway tell her she s in for more than haute couture

Feminism in Women's Detective Fiction Glenwood Irons, 1995-12-15 Names such as Sherlock Holmes Hercule Poirot and Sam Spade are perhaps better known than the names of the authors who created them The woman detective has also had worldwide appeal yet with the exception of Christie s Miss Marple the names of female detectives and their authors have only recently gained wide attention through the popularity of Marcia Muller Sue Grafton and Sara Paretsky The essays in this collection grapple with a wide range of issues important to the female sleuth the most important perhaps being the oft heard challenge to her suitability for the job Not surprisingly gender issues are the main focus of all the essays indeed in detective novels with a woman protagonist these issues are often right at the surface Some of the papers see the female sleuth as an important force in popular fiction but many also challenge the notion that the woman detective is a positive model for feminists They argue that fictional female sleuths have lost the otherness that a feminine approach to the genre should encourage Collectively the essays also reveal the differences between British and American perspectives on the woman detective

Mystery Women, Volume Two (Revised) Colleen Barnett, 2011-12-31 Many bibliographers focus on women who write Lawyer Barnett looks at women who detect at women as sleuths and at the evolving roles of women in professions and in society Excellent for all women s studies programs as well as for the mystery hound Look at the popularity of such reading guides as Willetta Heising s *Detecting Women* 3rd ed 0 9644593 7 X or Amanda Cross fiction *Honest Doubt* 0 345 44011 0 11 00

Bowker's Guide to Characters in Fiction 2007, 2008-02 **British Women Mystery Writers** Mary Hadley, 2015-10-02 Many aspects of British detective fiction are intriguingly different from the American detective fiction And confusingly many of the British women detectives who have made it to American television are far from typical of the latest women detectives This work is a study of British detective fiction with female protagonists written by women Authors

included are P D James Jennie Melville Liza Cody Val McDermid Joan Smith and Susan Moody Special attention is paid to the evolution of the British female sleuth from the 1960s to the year 2000 particularly the 1980s and how this shaped and altered detective fiction Also discussed is the effect of the British judicial system and gun laws on detective fiction and real life the types of crimes women detectives usually investigate why certain directions have been taken and which ones may be taken in the future issues being raised by the authors and new women authors of detective fiction with female protagonists **Great Women Mystery Writers** Kathleen Gregory Klein,1994 A dictionary of over 117 women mystery authors giving details on their lives and their writing habits Communication Arts ,1997 **British Mystery and Thriller Writers Since 1960** Gina Macdonald,2003 Spans much of the modern history of the mystery genre and along with it many of the political and social changes from the classical detective story the World War II spy story and the Cold War thriller to postmodern detective and spy adventures and the politics of terrorism and confrontation of the twenty first century American Bookseller ,1991
