Bad For Each Other:

The Bear and His Sons James M. Taggart, 2010-07-05 All the world over people tell stories to express their deepest feelings about such things as what makes a real man or woman what true love courage or any other virtue is what the proper relationships are between people Often groups of people widely separated by space or time will tell the same basic story but with differences in the details that reveal much about a particular group's worldview This book looks at differences in the telling of several common Hispanic folktales James Taggart contrasts how two men a Spaniard and an Aztec speaking Mexican tell such tales as The Bear's Son He explores how their stories present different ways of being a man in their respective cultures Taggart's analysis contributes to a revision of Freud's theory of gender which was heavily grounded in biological determinism Taggart focuses instead on how fathers reproduce different forms of masculinity in their sons In particular he shows how fathers who care for their infant sons teach them a relational masculinity based on a connected view of human relationships Thus *The Bear and His Sons* will be important reading not only in anthropology and folklore but also in the growing field of men's studies

The Journey Begins G.J. Warton, 2012-07-06 Life in The Pits has become pretty boring for Timmy Truskett He has no friends lives in a shabby house in run down part of town with his alcoholic father and spends much of his time on his own Having lost his mother at an early age he has been ridiculed by children and adults alike for as long as he can remember He longs for an existence where he can be accepted by others for who he is not for the type of clothes he wears or the area that he is from Approaching his 13th birthday something extraordinary happens to him something that will thrust him into a world beyond his belief and one in which there appears little or no chance of escape He will be exposed to many emotions that he has never experienced before He will have to work out who to trust who to listen to and more importantly who can help him in his mission to escape He will be exposed to immense danger love hate jealousy greed and above all will have to make choices that someone his age should never have to make on their own and have a strong belief in himself and his new friends in order to get back to his old world which all of a sudden doesn't seem as bad as it was With the help of some intriguing characters such as the talking birds and the dwarfs he finds out that this is no ordinary place It is a place where the unbelievable becomes believable and the impossible become possible Does he have the courage and the will to stand up for himself in a world where there are many rules and the children are watched over day and night He soon discovers that there is more to life than he had ever imagined and maybe just maybe it was his chance to show everyone he was not the type of boy to be ridiculed
