"Bad" Painting New Museum (New York, N.Y.),1978 **New York Magazine** ,1987-04-20 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Weak Painting After Modernism** Craig Staff,2023-09-01 This book examines the terms upon which painting in the United States sought to negotiate with the legacy of American formalist aesthetics and by extension the understanding of modernist painting it had become most readily associated with In so doing a separate set of possibilities for painting gradually began to emerge The salient debates and practices that collectively worked to establish such a response are approached through the philosopher Gianni Vattimo s idea of pensiero debole or so called weak thought To this end the proposed study both identifies and seeks to examine a type of weak painting which like Vattimo s idea took as its critical point of departure the exhaustion but not the vanishing of the project of modernism the belief in reason progress history the nation state etc Craig Staff explores particular instances wherein artists sought to extend the parameters of the object beyond what had been called into question namely the proclivity for modernist painting s strength to be understood as denoting amongst other things a perceived set of universal essences This book will be of interest to scholars working in art history fine art cultural studies critical theory curatorial studies and philosophy *Bad painting* Eva Badura-Triska,Susanne Neuburger,2008 Baselitz Georg B ttner Werner Butzer Andr Currin John De Chirico Giorgio Gallizio Pinot Guston Philip Jenney Neil Jorn Asger Kippenberger Martin Magritte Ren Morley Malcolm Oehlen Albert Picabia Francis Polke Sigmar Saul Peter Schnabel Julian Zimmer Hans Peter Spur Gruppe Sturm Helmut Prem Helmrud Yuskavage Lisa **Subversive Strategies in Contemporary Chinese Art** Mary Wiseman,Liu Yuedi,Yuedi Liu,2011-03-21 How contemporary Chinese art is creating a philosophy of life a philosophy of politics and a natural philosophy as artist Qiu Zhijie says it must is explored in this collection of essays by philosophers and art historians from America and China **After Modernist Painting** Craig Staff,2025-01-23 This book presents both a historical survey and a critical re evaluation of the contested and contingent nature of the medium of painting over the last 60 years Offering a critical account of painting specifically rather than art more generally After Modernist Painting provides a timely exploration of what has remained a persistent and protean medium Taking Clement Greenberg s Modernist Painting as its starting point the book focuses on certain developments including the relationship of painting to Conceptual Art and Minimalism the pronouncement of painting s alleged death its response to Installation Art s foregrounding of site how painting both images and imagines the digital and how it continues to embody a particular set of ideas and responses to the world Revised and expanded to reflect developments in the field since the first edition was published in 2013 After Modernist

Art and Knowledge James O. Young,2003-09-02 Almost all of us would agree that the experience of art is deeply rewarding Why this is the case remains a puzzle nor does it explain why many of us find works of art much more important than other sources of pleasure Art and Knowledge argues that the experience of art is so rewarding because it can be an important source of knowledge about ourselves and our relation to each other and to the world The view that art is a source of knowledge can be traced as far back as Aristotle and Horace Artists as various as Tasso Sidney Henry James and Mendelssohn have believed that art contributes to knowledge As attractive as this view may be it has never been satisfactorily defended either by artists or philosophers Art and Knowledge reflects on the essence of art and argues that it ought to provide insight as well as pleasure It argues that all the arts including music are importantly representational This kind of representation is fundamentally different from that found in the sciences but it can provide insights as important and profound as available from the sciences Once we recognise that works of art can contribute to knowledge we can avoid thorough relativism about aesthetic value and we can be in a position to evaluate the avant garde art of the past 100 years Art and Knowledge is an exceptionally clear and interesting as well as controversial exploration of what art is and why it is valuable It will be of interest to all philosophers of art artists and art
