Americas Richest Bachelors Who They Are And How To Reach Them:

America's Richest Bachelors Don Catalano, Janis Catalano, 1983 **Rich Get Richer, The: American Wage, Wealth And Income Inequality** Thomas Hyclak, 2023-07-24

Inequality of wages among workers and inequality of income and wealth among families and households has been rising steadily for the past half century in the United States and other developed economies. However, the United States stands out for having the most unequal wage and income distributions to begin with and for experiencing the fastest rise in inequality over the following decades. While this has been a long developing situation and the subject of academic interest for some time, it is only in the last decade or so that inequality has attracted considerable public attention and become a political issue. Inequality has also become a subject of renewed interest among economists with a growing number of scholars engaged in the development of new databases and the analysis of the causes and effects of increased inequality. This book provides an overview of the economic analysis of wage income and wealth inequality in the United States with a focus on this recent research. It provides the reader with an understanding of the complex causes of rising inequality, the serious consequences that make rising inequality an issue for public policy, and the potential policy actions that might be taken to slow or reverse rising inequality. The author presents an economic and statistical analysis in clear, non-technical language to allow the general reader or student in an undergraduate course to learn the insights that economists have gained into the issue of inequality in advanced economies. The book contends that rising wage inequality among workers and income and wealth inequality among families reflects the complex interaction of profound changes in the US economy over the last half century. These are not limited to economic changes like new technology, increased globalization, changes in the internal structure of firms, and the rise of new growth sectors in tech, finance, and health care. Of additional critical importance are changes in public opinion and political platforms and policies that replaced the New Deal view of the economic role of government with a pro-business, free market philosophy that has changed labor market policy in a direction promoting increased inequality. This major change in the environment raises important questions about the efficacy of policy proposals. An additionally intriguing issue is the ultimate impact of the financial crisis and the Covid 19 pandemic on perceptions of and support for government policies designed to reverse the seemingly inexorable trend toward greater inequality. This book traces the evolution of inequality over time through key concept illustrations and language that is easy enough to understand even for the general reader.

Famous American Fortunes and the Men who Have Made Them Laura Carter Holloway, 1884 *To Become a Rich American* Stanley B. Graham, 2010-12-17

This novel is the story of a European immigrant woman, very charming and attractive to men, attempting to become a rich American. It is also the story of Rick Stevens' search, despite his sexual hang-ups, for the ideal wife. Kert von Fielding was in her mid-thirties when she made her first voyage aboard the MS Gripsholm, sailing from Helsinki, Finland, to New York City. Kert had majored in languages at Helsinki University where she earned both a B.A. and an M.A.

and had later worked as a translator She knew five languages Finnish Swedish English French and German She hoped someday to obtain translating work in New York City But this first time in the states she visited her cousins in Salem on the Lake a small town in Ohio on the banks of Lake Erie While there she made the acquaintance of Mart Appleby ten years her junior and the son of the highly esteemed and supposedly wealthy Municipal Court Judge of the town Calvin W Appleby II Their friendship during the summer of 1957 ripened into an intense love affair involving a lot of sex She fell madly in love with Mart Appleby and thought he loved her in return She was mistaken but she kept sending him love letters after he went to the West Virginia Institute of Technology where he was employed as a psychology sociology assistant professor Mart did not answer any of Kert's letters Then failing at this affair she turned to his older half brother Rick Stevens who was closer to her age five years her junior Rick was interested but wary She discussed with him her plan to become an American citizen by marrying an American Rick a new high school science teacher was conservative and not nearly as daring as his younger half brother Mart Kert definitely preferred Mart as a mate instead of Rick But she'd marry Rick as a means to an end obtaining her citizenship and then leave She figured she could hide in New York City When her VISA expired she returned to Helsinki Finland While there she wrote numerous letters to Rick finally writing lovey dovey type letters She told him she would return to visit She returned to New York City the next year aboard the MS Gripsholm During the seven day passage she had a shipboard romance with a handsome and congenial man in his mid thirties Chad Power an assistant professor of English at Hunter College in NYC and the son of a multimillionaire Without giving away any more of the story suffice it to say that Kert using sex and her feminine wiles and machinations managed to be married to two handsome virile men at the same time without either of them being aware of her duplicity and to obtain her citizenship twice Did Kert ever become rich You will need to read the book to find out And please don't skip around San Francisco Daily Times, 1901 Graham's American Monthly Magazine of Literature, Art, and Fashion, 1855 *The Playboy Bachelor* Rachel Van Dyken, 2017-04-11 From the 1 New York Times bestselling author of *The Godparent Trap* comes a laugh out loud modern fairy tale with a twist She's no Sleeping Beauty And he's definitely no prince Margot McCleery could have lived her whole life without seeing Bentley Wellington again her ex best friend and the poster boy for Hot Rich Man Whores everywhere But Margot's whiskey augmented grandmother buys Bentley at a charity bachelor auction and now suddenly he's at her door Impossibly charming Impossibly sexy And still a complete and utter jackass Bentley's just been coerced by his grandfather to spend the next thirty days charming and romancing the reclusive red haired beauty who hates him The woman he abandoned when she needed him the most Bentley knows just as much about romance as he knows about love nothing But the more time he spends with Margot the more he realizes that just friends will never be enough Now all he has to do is convince her to trust him with her heart The Travelling Bachelor, Or Notions of the Americans James Fenimore Cooper, 1854
