K. Ellis,Dantalion Jones,2011-09-12 Why would someone write a book on Mind Control Because as much as we try to elevate ourselves above being human animals we are in fact animals We are subject to the wants and desires of any being with a genome and vertebrae To rise above that is an admirable and a task we should take on as a worthy spiritual endeavor But to deny that we are truly animals is to lie to ourselves We must deal with people who may not be so enlightened advanced as we are They may desire what we have and be secretly filled with envy and contempt The worst event is to have these suspicions fulfilled and then be pulled down into the politics of man Do we deny that it s happening and hope others will be touched by our honesty and good will enough to change Or do we drop our highest spiritual ideals and play their game I would like to suggest a radically different strategy Take the game of manipulation and Mind Control and make it a part of your spirituality *Life!* Louise L.
