Boxer Cartridge In The British Service:

The arms and ammunition of the British service sir Vivian Dering Majendie,1874 **The Boxer Cartridge in the British Service** B. A. Temple,1977 **Journal of the Royal United Service Institution** ,1886 The British Military Revolution of the 19th Century Daniel R. LeClair,2019-11-11 From the Crimean War through the Second Boer War the British Empire sought to solve the Great Gun Question to harness improvements to ordnance small arms explosives and mechanization made possible by the Industrial Revolution The British public played a surprising but overlooked role offering myriad suggestions for improvements to the civilian led War Office Meanwhile politicians and army leaders argued over control of the country s ground forces in a decades long struggle that did not end until reforms of 1904 put the military under the Secretary of State for War Following the debate in the press voters put pressure on both Parliament and the War Office to modernize ordnance and military administration The Great Gun Question was as much about weaponry as about who ultimately controlled military power Drawing on ordnance committee records and contemporary news reports this book fills a gap in the history of British military technology and army modernization prior to World War I *Journal of the Royal United Service Institution* Royal United Service Institution (Great Britain),1869 *The Gatling Gun* Peter Smithurst,2015-05-20 A unique chapter in the history of firearms the multibarrel hand cranked Gatling gun was one of the first practical rapid fire weapons ever to be used in battle It changed warfare by introducing the capability to project deadly high intensity fire on the battlefield and portended the devastation that automatic weapons would wreak in World War I During its 50 year career it saw widespread service with US British and other forces on a host of battlefields through conflicts in Zululand and the American West to the Spanish American War Although it saw widespread use in the hands of industrialized nations against various groups of indigenous native warriors it was famously left behind by Custer at the battle of the Little Bighorn where some argue it could have made all the difference Featuring full colour artwork plus contemporary and close up photographs this engaging study investigates the origins development combat use and lasting influence of the formidable Gatling gun
