**The Oxford Handbook of Indigenous American Literature** James Howard Cox, Daniel Heath Justice, 2014 Over the course of the last twenty years Native American and Indigenous American literary studies has experienced a dramatic shift from a critical focus on identity and authenticity to the intellectual cultural political historical and tribal nation contexts from which these Indigenous literatures emerge The Oxford Handbook of Indigenous American Literature reflects on these changes and provides a complete overview of the current state of the field The Handbook's forty three essays organized into four sections cover oral traditions poetry drama non fiction fiction and other forms of Indigenous American writing from the seventeenth through the twenty first century Part I attends to literary histories across a range of communities providing for example analyses of Inuit Chicana o Anishinaabe and M tis literary practices Part II draws on earlier disciplinary and historical contexts to focus on specific genres as authors discuss Indigenous non fiction emergent trans Indigenous autobiography Mexicanoh and Spanish poetry Native drama in the U S and Canada and even a new Indigenous children s literature canon The third section delves into contemporary modes of critical inquiry to expound on politics of place comparative Indigenism trans Indigenism Native rhetoric and the power of Indigenous writing to communities of readers A final section thoroughly explores the geographical breadth and expanded definition of Indigenous American through detailed accounts of literature from Indian Territory the Red Atlantic the far North Yucat n Amerika Samoa and Francophone Quebec Together the volume is the most comprehensive and expansive critical handbook of Indigenous American literatures published to date It is the first to fully take into account the last twenty years of recovery and scholarship and the first to most significantly address the diverse range of texts secondary archives writing traditions literary histories geographic and political contexts and critical discourses in the field [The Poetry and Poetics of Gerald Vizenor](#) Deborah L.

Madsen, 2012-12-01 The first book devoted exclusively to the poetry and literary aesthetics of one of Native America's most accomplished writers this collection of essays brings together detailed critical analyses of single texts and individual poetry collections from diverse theoretical perspectives along with comparative discussions of Vizenor's related works Contributors discuss Vizenor's philosophy of poetic expression his innovations in diverse poetic genres and the dynamic interrelationships between Vizenor's poetry and his prose writings Throughout his poetic career Vizenor has returned to common tropes themes and structures Indeed it is difficult to distinguish clearly his work in poetry from his prose fiction and drama The essays gathered in this collection offer powerful evidence of the continuing influence of Anishinaabe dream songs and the haiku form in Vizenor's novels stories and theoretical essays this influence is most obvious at the level of grammatical structure and imagistic composition but can also be discerned in terms of themes and issues to which Vizenor continues to return **Our War Paint Is Writers' Ink** Adam Spry, 2018-02-20 Explores a little known history of exchange between

Anishinaabe and American writers showing how literature has long been an important venue for debates over settler colonial

policy and indigenous rights For the Anishinaabeg the indigenous peoples of the Great Lakes literary writing has long been an important means of asserting their continued existence as a nation with its own culture history and sovereignty At the same time literature has also offered American writers a way to make the Anishinaabe Nation disappear often by relegating it to a distant past In this book Adam Spry puts these two traditions in conversation with one another showing how novels poetry and drama have been the ground upon which Anishinaabeg and Americans have clashed as representatives of two nations contentiously occupying the same land Focusing on moments of contact appropriation and exchange Spry examines a diverse range of texts in order to reveal a complex historical network of Native and non Native writers who read and adapted each other s work across the boundaries of nation culture and time By reconceiving the relationship between the United States and the Anishinaabeg as one of transnational exchange *Our War Paint Is Writers Ink* offers a new methodology for the study of Native American literatures capable of addressing a long history of mutual cultural influence while simultaneously arguing for the legitimacy and continued necessity of indigenous nationhood In addition the author reexamines several critical assumptions about authenticity identity and nationhood itself that have become common wisdom in both Native American and US literary studies

*The Red Land to the South* James Howard Cox,2012 The forty years of American Indian literature taken up by James H Cox the decades between 1920 and 1960 have been called politically and intellectually moribund On the contrary Cox identifies a group of American Indian writers who share an interest in the revolutionary potential of the indigenous peoples of Mexico and whose work demonstrates a surprisingly assertive literary politics in the era By contextualizing this group of American Indian authors in the work of their contemporaries Cox reveals how the literary history of this period is far more rich and nuanced than is generally acknowledged The writers he focuses on Todd Downing Choctaw Lynn Riggs Cherokee and D Arcy McNickle Confederated Salish and Kootenai are shown to be on par with writers of the preceding Progressive and the succeeding Red Power and Native American literary renaissance eras Arguing that American Indian literary history of this period actually coheres in exciting ways with the literature of the Native American literary renaissance Cox repudiates the intellectual and political border that has emerged between the two eras
