Cultural Journeys Pamela S. Gates, Dianne L. Hall Mark, 2010-08-16 As multicultural education is becoming integral to the core curriculum teachers often implement this aspect into their courses through literature However standards and criteria to teach and promote active discussion about this literature are sparse *Cultural Journeys* introduces pre service and experienced teachers to the use of literature to promote active discussions that lead students to think about racial diversity More than just an annotated list of books for children Pamela S Gates and Dianne L Hall Mark provide systematic guidelines that teachers can use throughout their careers to evaluate multicultural literature for students in grades K 8 At the same time the text leads the reader to a deeper understanding of how to use multicultural literature throughout the entire curriculum and not just during specially designated months or time periods With the example unit plans and extensive annotated bibliography this book is a valuable resource that pre service teachers will utilize when

they begin teaching and in service teachers will reference repeatedly during their planning periods Forgiving Moses
Gloria L. Velásquez, 2018-05-31 Moses Vargas hates his life. He has been forced to move four times in as many years and he is tired of starting at another school having everyone stare at him and trying to make new friends. Most of all, he doesn't want to have to deal with questions about his father, an inmate in the California Department of Corrections. When Moses discovers that someone has been sending out text messages with a photo of him and his father in a prison uniform, he ends up in a fight and then suspended for three days. School counselor Ray Gutierrez reaches out to Moses, inviting him to an after-school support program called Círculos for students dealing with absentee fathers. Moses grudgingly attends the sessions that draw on indigenous and cultural roots to empower the boys. Realizing he is not the only one with a problematic home life and the new friendship of a pretty classmate whose father is also in prison helps Moses to begin talking about his anger and embarrassment. But will he really be able to overcome his resentment towards his father? The tenth installment in Velásquez's acclaimed Roosevelt High School Series that focuses on social issues relevant to teens, *Forgiving Moses* addresses the painful issue of children, particularly brown and black youth, whose fathers are not present in their lives. Touching on the disproportionately high number of men of color in prison and its effects on society, this short novel for teens will generate conversations about the possible consequences of making bad choices, responsibility to family, and the impact of incarceration.

Ankiza's Rainbow Gloria Velasquez, 2000-01-01 When she begins dating a wealthy white senior, Ankiza must face the reactions and prejudices of other students, parents, and school officials.
