Anni Albers: Camino Real Anni Albers, 2020-10-13 The first in depth study of a

monumental wall hanging rediscovered after many years by renowned Bauhaus artist Anni Albers. Albers was influential in elevating textiles from craft to fine art. Her exquisite wall hanging *Camino Real* seen in public for the first time since 1989 at David Zwirner New York in 2019 and the subject of this book is a superb example of this modern master's work. In 1967 noted architects Ricardo Legorreta and Luis Barragán commissioned Albers to create a work for the newly built Hotel Camino Real in Mexico City. Completed in 1968, her striking wall hanging *Camino Real* is heavily influenced by Latin American art and culture. Showcasing Albers's approach to working with textiles as a many-sided practice, it is accompanied in this book by works Albers made following her move to the United States in 1933, including innovative wall hangings, weavings, and a range of works on paper. Together, these works reflect Albers's brilliant embrace of different materials and techniques and her ability to work at varied scales. The works in this publication offer additional context and motifs demonstrating the artist's pioneering investment in textiles as an art form and her parallel interest in mass-produced designs. Published on the occasion of the Anni Albers exhibition presented at David Zwirner New York in 2019, this catalogue features new scholarship from the show's curator Brenda Danilowitz, art historian and chief curator of The Josef and Anni Albers Foundation, and Tai Smith, an expert on Bauhaus craft and weaving.

Small-great Objects Jennifer Reynolds-Kaye, Yale University. Art Gallery, 2017-01-01. *Small Great Objects* presents a remarkable look into the art collecting practices of two of modern art's most widely influential figures: Anni (1899–1994) and Josef (1888–1976) Albers. Their impressive collection of over 1,400 objects from Latin America, namely Mexico and Peru, represents a conscious endeavor that goes well beyond that of a casual hobby, displaying a deep appreciation for the art, textiles, and overall ingenuity of the ancient American world. This insightful book draws on primary source materials such as the couple's letters, personal papers, and archival photographs, many never before published, and demonstrates their conviction that these Prehispanic objects displayed a formal sophistication and bold abstraction that defy the prevalent conception of the works as primitive. Moreover, it shows how the Alberses spread their appreciation of the ancient world to others through their teachings, their writings, and their own art practices.
