C. Markland, 2015-09-28 For centuries romance stories have captured the hearts of so many readers There is something about the passion between people that captivates others Maybe in part that people longed to be loved and to love Many spend their entire lives in quest of one of the most powerful emotions known to man Most people get a glimpse of it from time to time others may be so fortunate to taste it on occasion but very few couples honestly experience it Those who do their lives are a testament to love's power Those who have the privilege to see it unfold and unveil often refer to the mystery and magic it brings People tend to open their hearts to the couple They step outside of the continuum of reality only to take a step forward into the land where fairy tales are born They become an active part in and of the story They are swept out to unknown seas waiting watching and wanting to see where the direction the story sails *Non Nobis: The Story of the First Generation of Logos School* Tom Garfield, 2017-03-21 Non Nobis is the full account of what it actually took to start a pioneering classical Christian school as told by Logos School's founding superintendent Tom Garfield Logos School certainly began humbly no experienced teachers no customized curriculum no investors and no set salaries for anyone But the Lord blessed this tiny school in the chimney of Idaho beyond what anyone could have expected Hundreds of thousands of teachers and students and homeschools have benefited from the classical Christian education from the trailblazing work done by Logos School Today the Association of Classical Christian Schools has over two hundred and forty members worldwide rigorous and faithful homeschooling is on the rise with huge nationwide organizations like Classical Conversations and Logos School itself is able by God's grace to begin looking in faith towards its second and third generations Tom Garfield's humorous anecdotal style is perfect for this story Whether he is describing broken bones old bus problems school uniforms the first Atari 400 angry parents the dead skunk developing classical methodology for the first time conflict in the community trouble with the IRS or why Christian education is more than God posters in the classroom Garfield gives a first hand account that is full of simple wisdom wide eyed gratitude and much encouragement for teachers and homeschooling parents alike or indeed for any Christians who find themselves working on small faithful but seemingly insignificant projects *You Are Safe Now* Tricia Lott Williford, 2024-04-09 I didn't know I was being manipulated I didn't know the signs I didn't know the cycle of abuse or that it's normal to feel guilt for something that's not your fault to have complex emotions about your abuser as you heal I learned that I could set boundaries choose not to reconcile and still pursue the internal freedom of forgiveness Tricia Lott Williford A seasoned author and masterful storyteller Tricia Lott Williford encountered the public trauma of the death of her husband but she held quietly the private trauma that happened at the same time grooming manipulation sexual abuse and spiritual abuse by a person of trust Tricia and her therapist Jana Richardson LPC have written a resource to help others recognize the veiled dynamics of abuse where it starts how it escalates and how survivors can break free and find freedom Peer reviewed by mental health therapists

You Are Safe Now offers a survivor's firsthand story of abuse in the church including an explanation of the nature of abusers and their common tactics, a compassionate nuanced discussion of trauma responses, research examples and statistics to identify abusive dynamics, predation, grooming and psychological manipulation and practical tools and resources to facilitate recovery. For survivors of abuse, counselors, therapists, pastors who treat survivors and those who support survivors in their healing, You Are Safe Now is an indispensable resource.

American Bread Alfred DiGiacomo, 2012-09-26

Most learn of the struggle of immigrants during the early twentieth century through the impersonal analysis of secondary sources. Viewing these times through the eyes of author Alfred DiGiacomo provides a rare personal glimpse of life for an Italian immigrant family during this time. He brings us back to a small village in southern Italy called San Giorgio Albanese, the birthplace of his parents, and gives us a glimpse of life within their village. We learn of his father Francesco and his journey to America, his service in World War I and his return visit to Italy where he met and married his wife. Settling in Huntington Station, New York, the couple began their lives together during the Roaring Twenties and faced with their growing family the hardships of the Great Depression of the thirties. Mr. DiGiacomo describes everyday life, his schooling, work and activities while growing up as an Italian American in the small close-knit town. In doing so, he tells of the experience of all immigrants who arrive during a period of transition and turmoil and whose sacrifice and determination allow the seed of hope for a new life to grow.
