Aprende Las Horas Con Bubi:

Children's Books in Print, 2007, 2006 **Lingüística Bantú a través del Bubi** Justo Bolekia Boleká, 1988-01-01 El mosaico formado por las más de mil lenguas habladas en África ha atraído a numerosos lingüistas aunque hoy día la atención que las Universidades le dedican es más bien escasa. La obra ofrece un acercamiento de esta realidad al mundo hispano y más en concreto el estudio de la lengua bantú a través de la lengua que más cercana fue a los misioneros españoles. Se centraron en la zona de Guinea y por esa razón la primera aproximación al estudio del bantú se hace a través del bubi, predominante en la región africana de influencia española. **Aprende Las Horas Con Bubi** Todolibro, 2000-08-01 NULL

Curso de lengua Bubi Justo Bolekia Boleká, 1991 **El enregistramiento oral del español ecuatoguineano** Andrea Chagas López, 2025-08-18 This work proposes an adaptation of Agha's theory of enregisterment 2007 to study the Spanish variety spoken in Equatorial Guinea which has received little attention from linguistics so far. To the traditional methods of Western Romance linguistics which rely mostly on tangible artifacts, the study prefers a socio-cognitive and perceptual approach that starts from speakers themselves as experts of linguistic variation. **Language, Borders and Bordering Practices / Lenguaje, fronteras y prácticas de fronterización** Yvette Bürki, Alba Nalleli García Agüero, 2025-07-21 Las fronteras no son solo líneas físicas en un mapa sino divisiones y procesos sociales y simbólicos que se configuran continuamente a través del lenguaje y la interacción cotidiana. Este volumen bilingüe desafía las nociones estáticas y binarias de las fronteras revelando cómo se construyen y se mantienen pero también se desafían y se reinventan mediante prácticas comunicativas concretas. Desde diversas perspectivas teóricas y metodológicas, los y las autoras analizan fronteras nacionales, transnacionales, simbólicas y de género en Europa, África y las Américas abordando cuestiones de urgente actualidad como la migración, la identidad, el racismo, la discriminación de género y otras formas de exclusión mediadas por el lenguaje. El volumen ofrece claves críticas para comprender cómo el lenguaje moldea las fronteras de nuestro mundo, una contribución que invita a reflexionar sobre las formas sutiles y manifiestas en que el lenguaje participa en la construcción de las divisiones sociales. Borders are not just physical lines on a map; they are social and symbolic divisions and processes continuously shaped through language and everyday interaction. This bilingual volume challenges static binary notions of borders, revealing how they are constructed and maintained but also resisted and reimagined through specific communicative practices. Bringing together diverse theoretical and methodological perspectives, the contributors examine national, transnational, symbolic, and gendered borders in Europe, Africa, and the Americas, engaging with pressing issues such as migration, identity, racism, gender discrimination, and other forms of exclusion mediated by language. This volume offers critical insights into how language shapes the borders of our contemporary world, a thought-provoking contribution that invites readers to critically engage with the subtle and overt ways language participates in the unmaking of social divides. **The Routledge Hispanic Studies Companion to Nineteenth-Century Spain** Elisa Martí-López, 2020-09-24 The Routledge Hispanic Studies Companion to

Nineteenth Century Spain brings together an international team of expert contributors in this critical and innovative volume that redefines nineteenth century Spain in a multi national multi lingual and transnational way This interdisciplinary volume examines questions moving beyond the traditional concept of Spain as a singular homogenous entity to a new understanding of Spain as an unstable set of multipolar and multilinguistic relations that can be inscribed in different translational ways This invaluable resource will be of interest to advanced students and scholars in Hispanic Studies
