Arab Mass Media Newspapers Radio And Television In Arab Politics:

Arab Mass Media William A. Rugh, 2004-02-28 Since September 11 2001 and the wars in Afghanistan and Iraq many television viewers in the United States have become familiar with Al Jazeera as offering an alternative take on events from that presented by mainstream U S media as well as disseminating anti American invective Westerners have tended toward simplistic views of Arab newspapers radio and television assuming that they are all under government control and that freedom of press is non existent William A Rugh a long time observer of the Arab mass media offers a more nuanced picture of the Arab press as it relates to the political situation in the Arab world today Although governmental influence over the media is stronger in the Middle East than in Europe or the United States Rugh argues that there is more diversity in the Arab media than most people in the West realize In reality the Arab media are coming to reflect the diversity and wide range of opinions of those within the Arab world itself In particular the advent of privately owned Arab satellite television in the 1990s has led to significant liberalization of the media throughout the region Rugh concludes that a democracy of ideas and voices is slowly growing in the Arab world and he remains guardedly optimistic about the positive role the Arab media can play in processes of democratization and nation building

Reality Television and Arab Politics Marwan M. Kraidy, 2010 This book analyzes how reality television fuelled heated polemics over cultural authenticity gender relations and political participation in the Middle East

The Media in Arab Countries Tourya Gaaaybess, 2019-05-21 In early research work on international communication the countries of North Africa and the Middle East were seen as part of the Third World and the media had to be at the service of development However this situation is changing due to the transnationalization and liberalization of the media Indeed since the 1990s the entry of the South and Arab countries in this case into the information society has become the dominant creed although the vision is still globalizing and marked by stereotypes Representations of these societies are closely associated with international relations and geopolitics characterized by tensions and conflicts However a force has come to disrupt the traditional rules of the game Arab audiences Digital media the dissemination of which has been enabled by the implementation of the information society empowers them to participate fully in a media confluence This liberation from the discourse has two major consequences the media and journalism sector has become more strategic than ever and action toward development must be reinvented

The Influence of Translation on the Arabic Language Mohamed Siddig Abdalla, 2018-10-19 This book explores the influence of translation on the Arabic language with particular emphasis on the translation of English idioms by journalists working at Arabic satellite TV stations using a mixed method approach quantitative and qualitative It begins from a belief that the impact of broadcast media on Arabic speakers is more instant wider and farther reaching than that caused or triggered by any other branch of mass media as not all features of television appear in other media The book focuses on idioms because of the difficulties associated with translating them and also because the literature review revealed inadequacy in understanding this intriguing part of the development of the Arabic language In contrast to other similar titles the book examines the possible factors causing journalists to resort to idiom literalisation including those relating to

demographic characteristics The main significance of this book is that it has practical implications for its potential audience both practitioners and professional peers It provides information to enable media translators and lexicographers to become more sensitive towards the logico semantic relationships present in idiomatic expressions and to improve their application of idiomatic expressions in their translations Overall the results presented here will serve to guide media translators and lexicographers choice in the usage of idioms to produce better quality translations and dictionaries This insight is important not only to translators and lexicographers but also to language teachers and students of translation Pedagogically the findings of the current book will encourage translation teachers to reconsider their strategies for teaching English idioms Students of translation and English language learners in general will also benefit from the results of this book
