Arab Shia The Forgotten Muslims:

Arab Shi'a Graham E. Fuller, Rend Rahim Francke, 2000-02-23 This is the first book on the Arab Shi'a community a group whose identity and relations to the rest of the Middle East cut to the heart of politics and society in the Arab and Muslim world The Arab Shi'a represent a majority of the overall population along the Arab coast of the Persian Gulf and are the largest religious group in Lebanon Historically there have been major tensions between the Shi'a and Sunni communities This book based on extensive field interviews examines the nature of Shi'ite belief and community life contemporary political and social problems key grievances and the nature of their relationship with the dominant Sunni state today as they seek a major voice in a new political order Integration of the Shi'a is a key to orderly political evolution in the Gulf in the next century

The Arab Shi'a Graham E. Fuller, Rend Rahim Francke, 1999 This book based on extensive field interviews examines the nature of Shi'ite belief and community life contemporary political and social problems key grievances and the nature of their relationship with the dominant Sunni state today as they seek a major voice in a new political order Jacket

Islamist Politics in Iraq After Saddam Hussein Graham E. Fuller, 2003 *Shi'i Islam* Moojan Momen, 2015-11-05 From infallible Imams to Ayatollahs in Iran Shi'ism has long been a prominent if misunderstood branch of Islam It regards Ali Muhammad's son in law as the Prophet's legitimate successor But theological differences between the Shi'ah and Sunni Muslims have led to sectarian violence massacres and the desecration of holy sites In this Beginner's Guide Dr Moojan Momen offers an accessible and comprehensive overview of Shi'ism tracing the history of the community its leadership and doctrines from its inception to modern times Packed with useful tables family trees and text boxes this engaging and up to date guide is a perfect introduction to the historical and geopolitical causes of religious tensions still troubling the Middle East today

Roman Catholics and Shi'i Muslims James A. Bill, John Alden Williams, 2003-08-01 This timely work explores two influential religious traditions that might seem to have little in common Twelver Shi'i Islam and Roman Catholicism With the worldwide rise of religious fundamentalism it is imperative that religious movements such as Chri Islam and Statecraft Jon Hoffman, 2025-01-23 Instead of religion influencing political outcomes this analysis examines how politics influences religious outcomes Dominant analyses examining the utilization of religion as a tool of statecraft in the Middle East remain overwhelmingly fixated on how Islam influences the foreign policies of different state actors not how political considerations often influence the forms Islam assumes and how religion itself is often molded according to strategic considerations of political elites That Islam due to its unique or exceptional relationship with politics drives political outcomes at the international level in the Middle East is a myth this book shatters by demonstrating how the political considerations of ruling elites specifically the intersection of domestic and foreign threats influence and constrain the kinds of religious soft power strategies adopted by states in the region This book develops a comprehensive analytical framework for the notion of religious soft power capable of incorporating power based identity based and ideational variables to examine

how states couple religion with their broader foreign policy conduct This framework is applied to the Middle East through the specific examination of three countries Saudi Arabia Qatar and the United Arab Emirates in the period following the Arab Uprisings to demonstrate how specific religious narratives identities histories and ideologies are constructed by political elites in the Middle East for the advancement of what are inherently political objectives namely the imperatives of regime preservation and power projection

Militancy and Political Violence in Shiism Assaf Moghadam,2011-11-28 This book is the first systematic assessment of current trends and patterns of militancy in Shii communities in the Middle East and South Asia specifically in Iran Iraq but also in Lebanon Saudi Arabia Pakistan Afghanistan Kuwait and Bahrain More than thirty years after the Islamic Revolution in Iran there are signs of a growing assertiveness on the part of Shii actors at times erupting into political violence The book addresses two key questions What trends emerge in the types of militancy Shii actors employ both inside and outside of the Shii heartland And what are the main drivers of militancy in the Shii community The editor concludes that although at present Shii assertiveness does not take on a predominantly militant form a subculture of violence does exist among most Shii communities examined here and suggests five key drivers of political violence among Shiis the impact of Iran nationalism and anti imperialism Shii self protection and communal advancement mahdism and organizational dynamics This book will be of great interest to students and researchers of terrorism studies and political violence war and conflict studies and IR Security Studies in general

Saudi Clerics and Shi'a Islam Raihan Ismail,2016 In this book Raihan Ismail examines the attitudes of the Saudi ulama towards various Shia sects and communities by analyzing their sermons lectures publications and religious rulings She explores what the motivating factors are behind the divisive sectarian rhetoric that the ulama employ

Revolutionary Contagion and International Politics Chad E. Nelson,2022 A unique theory of what happens when leaders fear a revolution abroad will spread to their own country and how that affects international relations When do leaders fear that a revolution elsewhere will spread to their own polities and what are the international effects of this fear In *Revolutionary Contagion* Chad E Nelson develops and tests a theory that explains how states react to ideological driven revolutions that have occurred in other nations To do this he analyzes four key revolutionary movements over two centuries liberalism communism fascism and Islamism He further explains that the key to understanding the response to revolutions lies in focusing on the extent to which leaders fear upheaval in their own countries According to the theory Nelson argues fear of contagion is driven more by the characteristics of the host rather than the activities of the infecting agents In other words leaders will fear revolutionary contagion when they have significant revolutionary opposition movements that have an ideological affinity with the revolutionary state A powerful theory of the profound effects revolutions have on international relations this book shows why one simply cannot make sense of international politics including patterns of alliances and wars in certain situations without considering the fear of contagion

Contemporary Persian Gulf P.R. Kumaraswamy,Md. Muddassir Quamar,2018-02-13 Since the outbreak of the Arab

Spring the Middle East is going through a turbulent phase as violence internal conflicts and civil wars are ravaging a number of countries Even relatively stable Gulf monarchies are not untouched by the impact of popular demand for change For India the Persian Gulf is an extended neighbourhood and the region of vital importance receives scant attention In the light of the Arab Spring Iranian nuclear deal and the rise of ISIS it has become impossible for India to be indifferent to the changing internal dynamics Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

As recognized, adventure as capably as experience just about lesson, amusement, as skillfully as union can be gotten by just checking out a books **Arab Shia The Forgotten Muslims** moreover it is not directly done, you could put up with even more in this area this life, just about the world.

We meet the expense of you this proper as with ease as simple pretentiousness to acquire those all. We allow Arab Shia The Forgotten Muslims and numerous book collections from fictions to scientific research in any way. accompanied by them is this Arab Shia The Forgotten Muslims that can be your partner.
