Arabic Musical Scales Cameron Powers,2005 Musicians desiring to play the Dance music the Sacred music or the Folk music of the Arab and Turkish worlds must study these scales Discover the musical basis for the incredibly rich emotions associated with Middle Eastern music Forty Five Arabic Musical Scales are taught in this book Many scales include quartertone intervals From Cairo to Tunisia Damascus to Baghdad Beirut to Aleppo and as far west as Istanbul and even into Greece musicians know these scales Long missing from Western musical training this book now makes these ancient scales available Arabic Music Scales Cameron Powers,2005 **Arabic Musical Scales** Cameron Powers,2006-03 How to play Arabic music Maqam structures with traditional quarter tone intervals presented in easy to read formats This book has become a widely used standard for instrumentalists and singers who wish to enter the magical world of Arabic music **A New Theory Of Music: An Introduction** H. K. Grumbein,2013-01-02 This book is an introduction to a new music theory based upon the perspectives of an artist which are supported by correspondences between sound and light and the philosophies gleaned from extensive research into the esoteric teachings of Christianity This book clearly and concisely introduces the basic framework for a completely new and fundamentally holistic approach to understanding writing and learning music Rather than learning the countless specific rules and exceptions and hundreds of historical examples this approach begins with a practical foundation in the general principles of music theory and encourages one to creatively discover original examples of how the different parts work together as a whole Most importantly this works aims to distill the most essential elements of music and to convey them in a simplified manner that grants potential artists a way to penetrate into the mysteries of music **Spiritual Traveler** Cameron Powers,2006-07-15 Promoting a natural state of compassion which can easily exist between people in the absence of fear author and musician Powers presents a glimpse into a very modern world with extensive Internet connections but which simultaneously drinks from the ancient wisdom of the Dervish populated realms of the Middle East Foreign Travel **The Other Classical Musics** Michael Church,2015 The Other Classical Musics offers challenging new perspectives on classical music by presenting the history of fifteen parallel traditions Winner of the Royal Philharmonic Society Music Award for Creative Communication 2015 There is a treasure trove of underappreciated music out there this book will convince many to explore it The Economist What is classical music This book answers the question in a manner never before attempted by presenting the history of fifteen parallel traditions of which Western classical music is just one Each music is analysed in terms of its modes scales and theory its instruments forms and aesthetic goals its historical development golden age and condition today and the conventions governing its performance The writers are leading ethnomusicologists and their approach is based on the belief that music is best understood in the context of the culture which gave rise to it By including Mande and Uzbek Tajik music plus North American jazz in addition to the better known styles of the Middle East the Indian sub continent the Far East and South East Asia this book offers challenging

new perspectives on the word classical It shows the extent to which most classical traditions are underpinned by improvisation and reveals the cognate origins of seemingly unrelated musics it reflects the multifarious ways in which colonialism migration and new technology have affected musical development and continue to do today With specialist language kept to a minimum it is designed to help both students and general readers to appreciate musical traditions which may be unfamiliar to them and to encounter the reality which lies behind that lazy adjective exotic
